

**Annual Report
For the fiscal year ended December 31, 2017**

CLAY COUNTY, KANSAS

The audited financial statements of Clay County, Kansas (the “**County**”) for the fiscal year ended December 31, 2017, are attached as **Exhibit A**. Together, the County’s audited financial statements and its operating data previously filed September 27, 2018 on the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access system website at www.emma.msrb.org completes the County’s Annual Report, which is required to be filed pursuant to the County’s continuing disclosure obligations (collectively, the “Undertaking”) pursuant to Rule 15c2-12 under the Securities Exchange Act of 1934, as amended, for the securities listed on **Schedule 1**. The County previously submitted unaudited financial statements for the fiscal year ended September 27, 2018, as required by the Undertaking.

The information contained in this Annual Report is current as of December 31, 2017, or as otherwise indicated. Certain information in this Annual Report has been provided by third-party sources. Nothing contained in any continuing disclosure undertaking or this Annual Report is, or should be construed as, a representation by any person, including the County, that this Annual Report includes all of the information that may be material to a decision to invest in, hold or dispose of any of the securities listed on Schedule 1, or any other securities of the County. Nothing contained in this Annual Report obligates the County to update any of the financial information or operating data contained in this Annual Report.

County Commissioners
Clay County, Kansas

Independent Auditor's Report

We have audited the accompanying summary statement of cash receipts, expenditures, and unencumbered cash - regulatory basis for Clay County, Kansas (the County), as of and for the year ended December 31, 2017, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statement, the financial statement is prepared by the County to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Independent Auditor's Report

December 31, 2018
Clay County, Kansas
(Continued)

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2017, or changes in financial position and cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County as of December 31, 2017, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Regulatory-Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the summary statement of receipts, expenditures, and unencumbered cash - regulatory basis (basic financial statement) as a whole. The summary of expenditures-actual and budget - regulatory basis, individual fund schedules of receipts and expenditures - actual and budget - regulatory basis, schedule of receipts and expenditures - regulatory basis - agency funds (Schedules 1, 2, and 3 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement; however they are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

The 2016 actual column presented in the individual fund schedules of regulatory basis receipts and expenditures for the year ended December 31, 2017 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement.

The basic financial statement for the year ended December 31, 2016 (not presented herein), was audited by other auditors whose report dated December 12, 2017, expressed an unmodified opinion on the financial statement. The 2016 financial statement and the other auditor's report are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://www.admin.ks.gov/offices/chief-financial-officer/municipal-services>. The report of the other auditors stated that the individual fund schedules of regulatory basis receipts and expenditures for the year ended December 31, 2016 was subjected to the auditing procedures applied in the audit of the 2016 financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2016 basic financial statement or to the 2016 financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and in their opinion, was fairly stated in all material respects in relation to the financial statement as a whole for the year ended December 31, 2016, on the basis of accounting described in Note 1.

Financial Statement

CLAY COUNTY, KANSAS
NOTES TO FINANCIAL STATEMENT
December 31, 2017

Notes to Financial Statement

Note 1: Summary of Significant Accounting Policies

This summary of significant accounting policies of Clay County, Kansas (the County) is presented to assist in understanding the County's financial statement. The financial statement and notes are representations of the County's management, who is responsible for their integrity and objectivity. These accounting policies conform to a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statement.

Municipal Financial Reporting Entity

The County is a municipal corporation governed by an elected three-member board of commissioners. This regulatory financial statement presents Clay County, Kansas (the municipality) only. The financial statement does not include any related municipal entities.

Regulatory Basis Fund Types

A fund is defined as an independent fiscal and accounting entity with a self-balanced set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the County for the year 2017:

General Fund – The chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds – Used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund - Used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Funds – Used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Funds – Funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.).

Agency Funds - Used to report assets held by the municipal reporting entity in purely custodial capacity.

Reimbursements

A reimbursement is an expenditure initially made in one fund, but properly attributable to another fund. For example, it is common for the general fund to pay a vendor's bill and have portions of it reimbursed by other funds. In accounting for such reimbursements, the municipality records an expenditure in the reimbursing fund, and a reduction of expenditure in the reimbursed fund, following the authoritative guidance provided under KMAAG regulatory basis accounting.

CLAY COUNTY, KANSAS
NOTES TO FINANCIAL STATEMENT (CONTINUED)
December 31, 2017

Notes to Financial Statement

Note 1: Summary of Significant Accounting Policies (Continued)

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the county to use the regulatory basis of accounting.

Tax Cycle

The county clerk must calculate the final tax levy rates necessary to finance the budget subject to any legal limitations. After all budgets have been received and tax rates calculated, the clerk certifies the tax roll to the county treasurer, who prepares tax statements and receives payment.

These taxes become a lien against all property November 1st. Taxpayers have the option of paying in full or in two installments. The delinquency dates are December 20th and May 10th. Delinquent taxes are assessed interest at a rate established by the State of Kansas. The interest rate was 4% per annum for delinquent taxes under \$10,000 and 10% per annum for delinquent taxes of \$10,000 or greater. This interest is retained by the County.

Taxes levied to finance the budget are made available to the County after January 1st and were distributed by the county treasurer periodically. At least 50% of the taxes levied were available in January. Delinquent tax collections were distributed throughout the year.

Note 2: Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

CLAY COUNTY, KANSAS
NOTES TO FINANCIAL STATEMENT (CONTINUED)

December 31, 2017

Note 2: Budgetary Information (Continued)

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end. A legal operating budget is not required for capital project funds, trust funds, and the following funds:

Equipment Reserve
Special Highway Improvement
Sheriff's Drug Asset Forfeiture
Ambulance Grant
Register of Deeds Technology
Emergency Management Grant
Underage Drinking Reward
Clerk Technology

Concealed Hand Gun
Clay Counts - Prevention
Registered Offender
Citizens Corp Grant
Inmate Work Release
Treasurer Technology

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 3: Deposits and Investments

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policy that would further limit its investment choices. The County had no investments in 2017.

Concentration of credit risk. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The County has no designated "peak periods". All deposits were legally secured at December 31, 2017.

At December 31, 2017, the County's carrying amount of deposits was \$17,323,329 and the bank balance was \$17,658,750. The bank balance was held by four banks resulting in a concentration of credit risk. Of the bank balance, \$712,590 was covered by federal depository insurance and \$16,946,160 was collateralized with securities held by the pledging financial institutions' agents in the County's name.

CLAY COUNTY, KANSAS
NOTES TO FINANCIAL STATEMENT (CONTINUED)
December 31, 2017

Note 4: Stewardship, Compliance and Accountability

References made herein to the Kansas statutes are not intended as interpretations of law, but are offered for consideration by the Director of Accounts and Reports and interpretation by the County Attorney.

Budget Law Compliance

K.S.A. 79-2935 provides that it shall be unlawful for the governing body to create indebtedness in any fund in excess of the amount of the adopted budget of expenditures of such fund. For the year ended December 31, 2017, the following funds were in violation of this statute:

<u>Fund Name</u>	<u>Excess</u>
Historical Records	\$ 922
Special Bridge	3,674
Ambulance	38,471
Bridge Improvement Sales Tax	121,099

Note 5: Interfund Transfers

Operating transfers were as follows:

<u>From</u>	<u>To</u>	<u>Authority</u>	<u>Amount</u>
Noxious Weed	Noxious Weed Capital Outlay	K.S.A. 2-1318	\$ 12,000
General	General - Equipment Fund	K.S.A. 19-119	13,364
Waste Disposal	Landfill Post/Closure	K.S.A. 65-204	50,000

Note 6: Defined Benefit Pension Plan

Plan Description. Clay County, Kansas participates in the Kansas Public Employees Retirement System (KPERS) a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S Kansas, Suite 100; Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contributions rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate was 8.46% for the fiscal year ended December 31, 2017. Contributions to the pension plan from Clay County were \$302,664 for the year ended December 31, 2017.

CLAY COUNTY, KANSAS
NOTES TO FINANCIAL STATEMENT (CONTINUED)
December 31, 2017

Notes to Financial Statement

Note 6: Defined Benefit Pension Plan (Continued)
Net Pension Liability

At December 31, 2017, the County's proportionate share of the collective net pension liability reported by KPERS was \$2,792,202. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 7: Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code section 457. The plan is administered by Nationwide Retirement System. The plan is available to all employees and permits them to defer a portion of their salary until future years. The County does not contribute to the plan.

Note 8: Other Long-Term Obligations from Operations

Other Post Employment Benefits. As provided by K.S.A. 12-5040, the municipality allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the municipality is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the municipality makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Compensated Absences. The County's policy regarding vacation leave permits employees to accumulate vacation time based on years of continuous service. Annual leave is calculated as follows:

<u>Years of Continuous Service</u>	<u>Vacation Days Accrued</u>	<u>Maximum Days/Year</u>
Less than 1	-	-
1 to 5	6.67 hours/mo.	10 days
6 to 10	10.00 hours/mo.	15 days
11 to 20	12.00 hours/mo.	18 days
Over 20	14.99 hours/mo.	21 days

Vacation leave is earned by the month and will be available the following year. There will be no accumulation of hours from year to year. If the hours are not used the following year after earned then the employee will lose them. If an employee leaves the County, they shall be compensated for all earned but unused vacation leave at their final rate of pay, subject to the maximum hours of accumulation above.

CLAY COUNTY, KANSAS
NOTES TO FINANCIAL STATEMENT (CONTINUED)
December 31, 2017

Notes to Financial Statement

Note 8: Other Long-Term Obligations from Operations (Continued)

Employees who work at least 1,000 hours per year shall earn eight hours of sick leave for each full month of service. They may accrue no more than 120 days of sick leave. Upon retirement or termination, an employee shall not be paid for any unused sick leave.

Part time employees earn vacation and sick leave based on a rate of half that earned by full time employees which has been stated above.

The County has estimated the dollar amount of accumulated vacation leave for all employees at December 31, 2017 to be \$160,352.

The only estimate in this financial statement is in the calculation of the compensated absences balance. Actual results could differ from this estimate.

Note 9: Litigation

As of the year ended December 31, 2017, the County is not a party to any known pending or threatened litigation, claims or assessment, or any unasserted claims or assessments.

Note 10: Landfill Closure and Postclosure Costs

State and federal laws and regulations require the County to place a final cover on its landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure.

Under the basis of accounting discussed in Note 1, the County recognizes expense, generally, when paid.

The estimated remaining life of the County landfill is 24.93 years. Estimated total costs of closure and post-closure care of \$2,147,979 are based on what it would cost to perform all closure and post-closure care in 2017. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

The County is not required to fund a reserve to pay closure and post-closure care costs. However, the County has voluntarily established a Landfill Post-Closure Fund to reserve funds for these costs. A transfer of \$50,000 was made to this fund in 2017. The balance of this post-closure reserve fund is \$628,204 as of December 31, 2017.

Note 11: Subsequent Events

Management has evaluated the effects on the financial statement of subsequent events occurring through December 31, 2018, which is the date at which the financial statement was available to be issued.
