December 9, 2015

Honorable Mayor City Council and City Manager City of Alcoa, Tennessee Alcoa, Tennessee

The financial statements of the City of Alcoa, Tennessee for the fiscal year ended June 30, 2015 are submitted for your review. Responsibility for the accuracy and completeness of the presented data, including all disclosures, rests with the City. To the best of our knowledge and belief, this report is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and results of operations of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

This report is presented in five sections: 1) the **Introductory Section** which includes this transmittal letter; 2) the **Financial Section** which includes the independent auditors' report, management's discussion and analysis (MD&A), the basic financial statements, required supplementary information and the combined financial statements; 3) **Miscellaneous Schedules,** which includes selected financial information; 4) **Statistical Information**, and 5) the **Single Audit Section** which includes schedules and independent auditors' reports on federal and state grants.

These financial statements represent management's report to its governing body, constituents, legislative and oversight bodies, investors and creditors. Copies of this report will be sent to elected officials, City management personnel, bond rating agencies, and other agencies that have expressed an interest in the City of Alcoa, Tennessee's financial matters. Copies of this financial report will also be placed in the Alcoa Municipal Building for use by the general public.

This report includes all funds (financial activities) of the City. The City provides a full range of municipal services including police and fire protection, water and electric, sewer and refuse services, development services, municipal courts, education, recreational and cultural activities, streets, traffic control, and general administrative services.

PROFILE OF THE GOVERNMENT

The City of Alcoa is a unique and culturally diverse community located in the eastern part of Tennessee with a resident population according to the 2010 U.S. Census of 8,449. Blount County, the county in which Alcoa resides, has a population of 123,010 as of 2010. The City is a company town built by ALCOA (Aluminum Company of America) starting around 1910. ALCOA was attracted to this area because of the abundance of water power resources. The Little Tennessee River and its tributaries were considered a good source of the hydroelectric energy essential to the aluminum production process. In 1917 the company began construction of the town site that would eventually become the City of Alcoa. The City of Alcoa was chartered by private act of the Tennessee General Assembly effective July 1, 1919.

The City is governed by a City Manager-Commission form of government. The governing body of the City is a five member City Commission who serve a four-year term of office. The elections for Commissioners are held on a staggered basis every two years. Following each regular biennial City election, the Commission elects two of its members to serve for a two-year period as Mayor and Vice Mayor, respectively. The Commission is responsible, among other things, for passing ordinances, resolutions, adopting the budget, appointing committees, and appointing a City Manager. The City Manager is responsible for carrying out the policies and ordinances of the commission and for overseeing the day-to-day operations of the city, as well as appointing heads of the various departments.

The City provides a full range of services, which includes public safety (police and fire protection), street maintenance, parks, public improvements, planning and zoning and general administrative services. The City provides water, sewer and electric services to both city residents and customers who reside outside of our city limits. The City provides its citizens with solid waste collection and is responsible for the day-to-day operation of the countywide Alcoa/Blount County/Maryville Landfill. The Alcoa City Schools operate under the City Charter and are considered a part of the City's financial statement. The Alcoa Schools System provides educational services to students who reside within Alcoa, as well as a large number of tuition students from outside the City.

The annual budget serves as the foundation for the City of Alcoa's financial planning and control. The budget preparation process starts in late January, when City departments begin assessing their needs for the coming year. The City Manager and Finance Director along with each Department Head start meeting in late March and April to discuss proposed budgets. The City Manager in mid-May will present his proposed budget for the upcoming fiscal year to the City Commission in a budget work session. The first reading of the Appropriation and Tax Levy Ordinances is presented in June at the Commission's regular meeting and the second and final reading at a called meeting prior to July 1. A Public Hearing on the proposed budget will be held at one of the June meetings.

The City of Alcoa is a benchmark community. Its citizens are safe, well served, and proud of their neighborhoods. Comprehensive services are provided to citizens and customers using the latest available methods and technology. Employees are professional, effective and a superior quality of life is emphasized.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Alcoa operates.

Local Economy

The City of Alcoa is dealing with the economic slowdown, but there are some signs of improving based on our local sales tax revenue increase. This is a sign that the general population feels some encouragement about our economy. The City of Alcoa and Blount County has the fourth lowest unemployment rate in the State at 4.1%. The City staff continues to work with our local industrial development board and developers to draw commercial and industrial business to our area.

The City's official population has grown from 6,870 in 1980, to 6,400 in 1990, to 7,734 in 2000, and to 8,449 in the 2010 census. Prior to the slowdown in 2008, the City was averaging around 35 new home constructions a year. Since 2008 the housing market is on hold, although in the last year we have new homes being constructed. We have about 95 residential lots that are in various stages of completion, which have been put on hold/slowdown due to the down turn of the economy. We feel these developments will be completed as the housing market improves.

The commercial and industrial sections in the City are at various stages of development. The City has a 500 acre research and development park with a mixture of high tech industry, commercial and residential use. The construction of the main entrance and boulevard are complete, and the Industrial Development Board has started the process of recruiting clients. Also, the City is working with the State and a developer to establish a 250 acre urbanism development that is located across from the airport. This property has the potential of being transformed into a new downtown area for the City.

Long-term Financial Planning

The City of Alcoa completed a pedestrian bridge across a major four lane highway and completed an additional 2 miles of walking trails that will tie all of the city's communities into the City greenway walking trails. This project was completed with ARRA, State and local funding. The City has built a new high school (opened August 2015) for approximately twenty-five million dollars. The City is considering building a new fire station, replacing an older station, and due to the location, a new site will be considered to be more centrally located based on how the City has grown in different areas.

Internal Control

The management of the City of Alcoa is responsible for establishing and maintaining a system of internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and that adequate accounting data is compiled to allow for the preparation of the basic financial statements in conformity with U.S. generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Controls

The City also maintains budgetary controls which are designed to ensure compliance with budgetary and legal provisions embodied in the annually appropriated operating budget approved by the City Commission. Activities of the General Fund, Special Revenue Funds, General Obligation Debt Service Fund, and Proprietary Funds are included in the annually appropriated operating budget. Project-length budgets are prepared for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is the total operating budget, as adopted by City Commission. However, for budget administrative purposes, the City maintains budgeting controls at department appropriation levels. In addition to maintaining budgetary control via a formal appropriation, the City maintains an encumbrance accounting system. Encumbered appropriations are carried forward at the end of each fiscal year. As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

Single Audit

As a recipient of federal and state financial assistance, the City is also responsible for an adequate system of internal control structure to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management of the City.

As a part of the City's single audit, performed in accordance with the Single Audit Act and the U.S. Office of Management and Budget Circular A-133, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's single audit for fiscal year ended June 30, 2015 provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws, regulations or other matters.

OTHER INFORMATION

Independent Audit

City Charter requires an annual audit by independent certified public accountants. The accounting firm of Ingram, Overholt & Bean, PC has been selected by the City Commission. The auditors' report on the financial statements is included in the financial section of the report.

In addition to this report, Ingram, Overholt & Bean, PC was also contracted to perform the Single Audit of the City's federal grant programs. This audit was designed to meet the requirements of the Federal Single Audit Act and the related Office of Management and Budget Circular A-133.

Acknowledgment

The preparation of this report could not have been accomplished without the dedicated service of the entire staff of the Accounting Division, the assistance of administrative personnel in the various departments, and the valuable guidance and assistance of the staff of Ingram, Overholt & Bean, PC. To them and to the City commission and City Manager for their support and interest in improving Alcoa's fiscal policies and practices, I express my sincere appreciation.

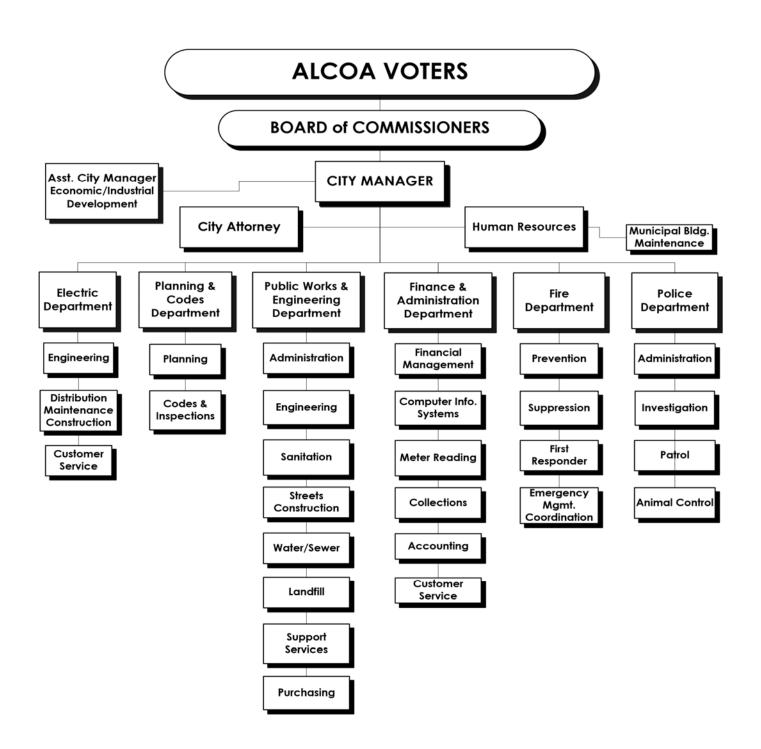

Respectively submitted,

John Troyer

Director of Finance & Administration

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Alcoa, Tennessee (the City), as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Alcoa, Tennessee, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and the Education Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 19 to the financial statements, in 2015 the City adopted new accounting guidance, GASB No. 68 *Accounting* and *Financial Reporting for Pensions – an amendment of GASB No. 27*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages ix through xviii, and required supplementary schedules pages 93 through 102 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do no express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the City of Alcoa, Tennessee's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, other supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

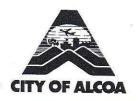

The combining and individual nonmajor fund financial statements, other supplementary information, statistical section, miscellaneous schedules section, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, other supplementary information, statistical schedules, miscellaneous schedules, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated December 9, 2015, on our consideration of the City of Alcoa, Tennessee's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Alcoa, Tennessee's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Alcoa's (the City) Annual Financial Report presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2015. Readers are encouraged to consider the information presented here in conjunction with additional information that has been furnished in the letter of transmittal.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: (1) **Government-wide** financial statements, (2) **Fund** financial statements, and (3) **Notes** to the financial statements. This report also contains **other supplementary information** in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The **statement of net position** presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating.

The **statement of activities** presents information showing how the City's net position changed during the current fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

Both of the government-wide statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include police, fire, community services, public works, community relations, mayor and council, city manager, recorder, municipal court, development services, economic development, financial services, human resources, and information technology. The business-type activities of the City include stormwater utility, water and sewer utility, electric utility, and landfill.

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into the following two categories: **governmental** funds and **proprietary** funds.

Fund Financial Statements (Continued)

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds. These statements, however, focus on near term inflows and outflows of spendable resources and spendable resources available at the end of the fiscal year. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds organized according to their type (special revenue, debt service, and capital projects). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, education (special revenue fund), general obligation debt service fund, and school construction capital projects fund, which are all considered to be major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in the financial statements.

The City adopts an annual appropriated budget for the general, special revenue, capital projects, and general obligation debt service. Budgetary comparison statements have been provided in the basic financial statements for the general, capital projects, and special revenue funds to demonstrate compliance with the budget. These statements for the non-major special revenue, capital projects, and general obligation debt service funds are included in Other Supplementary Information.

Proprietary funds. Proprietary funds are generally used to account for services for which the City charges customers – either outside customers, or departments of the City. Proprietary funds provide the same type of information shown in the government-wide financial statements, only in more detail. The City maintains the following two types of proprietary funds:

- Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Stormwater Utility, Water and Sewer Utility, Electric Utility, and Landfill operations. All enterprise funds are considered to be major funds of the City.
- Internal Service funds are used to report activities that provide supplies and services for certain City programs and activities. The City uses internal service funds to account for its health insurance, flexible spending, OPEB and service center operations. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service fund is provided in the form of combining statements elsewhere in the financial statements.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

FINANCIAL HIGHLIGHTS

♦ The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$70.5 million (net position). The total net position decreased by \$5.1 million compared to the prior year. Included in the results is a \$14.2 million liability due to a change in pension accounting requirements. Without the change in pensions, the change in net position increased by \$9.1 million.

FINANCIAL HIGHLIGHTS (Continued)

- ♦ At June 30, 2015, the City's governmental activities reported combined ending fund balances of \$11.5 million, a decrease of \$4.5 million in comparison to the prior year. Included in these totals is a \$13.1 million change due to the change in pension accounting requirements. Without the change for pensions, the City's net position for governmental activities increased \$8.5 million.
- ♦ At June 30, 2015, total fund balance for the general fund was \$5.1 million. The unassigned portion of the fund balance is \$4.1 million, which is 23.3% of total general fund expenditures of \$17.6 million.
- ♦ At June 30, 2015, the City's proprietary funds reported combined total net position of \$59 million, and total unrestricted net position of \$7.3 million.
- ♦ The City issued \$18 million in bonds which included \$9.995 million for the Alcoa High School Construction Project, Public Works Projects and \$9 million in refunding bonds for savings.

Combining Statements

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds, and fiduciary funds are presented immediately following the notes to the financial statements.

Analysis of Net Position

As noted earlier, net position may serve as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$70.5 million and \$75.6 million at June 30, 2015 and June 30, 2014, respectively.

The largest portion of the City's net position reflects its investment of \$68.8 million in capital assets (e.g. land, buildings, infrastructure, improvements, machinery and equipment), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be liquidated for these liabilities.

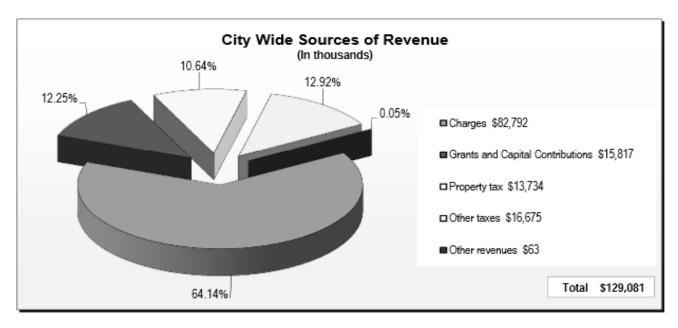

An additional portion of the City's net position, \$13.7 million (19%) represents resources that are subject to external restrictions on how they may be used.

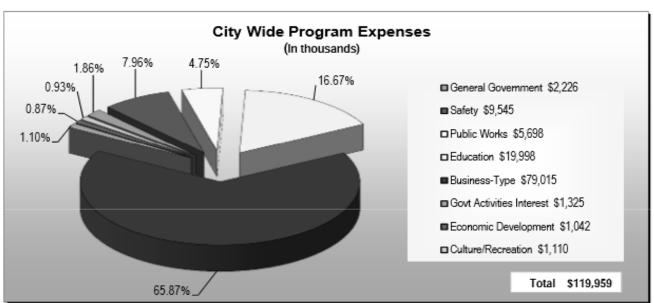

Analysis of Change in Net Position

The City's net position decreased by \$5,062,963 for the fiscal year 2015. These changes are explained in the government and business-type activities presented below.

	Changes in Net Position

City of Alcoa, Tennessee for the Fiscal Year Ended June 30, 2015

Governmental activities:

- Governmental activities increased the City governmental net position by \$8,547,599.
- Governmental activities revenue increased by \$5.14 million over the prior year primarily due to increases in property tax collections, sales tax increase, and grant items.
- Investment earnings increased by \$39,794.
- The General Fund departments demonstrated fiscal responsibility by under-spending the appropriated budget by \$378,676.

Business-type activities:

- Business-type activities increased the City's net position by \$573,144, whereas the prior year had produced an increase in net position of \$612,024.
- The Electric Utility is the largest business-type activity of the City, with a total expense of \$62,513,432. The City of Alcoa is a distributor of electrical power that is purchased from the Tennessee Valley Authority (TVA) and then transmitted and sold by the City to its residential and commercial customers. In October 2006, TVA began adjusting the wholesale power costs to the City each quarter for a fuel cost adjustment (FCA), then in 2009 TVA changed the FCA from quarterly to monthly. These FCA cost adjustments are passed through in electric rate adjustments to the City's customers each month. The FCA can fluctuate the City's electric rates up or down each month. TVA, in October 2009, increased their base wholesale rate, as well as the FCA, by 20%.
- The Water and Sewer Utility ended the fiscal year with total expenses of \$11,673,591. Beginning July 1, 2009, the City had a rate increase for both water and sewer of 15%. During the 2009 fiscal year, the City initiated a special project to install three (3) sewer flow meters with the purpose to record and charge one of the City's largest commercial accounts. Based on studies, additional sewer revenues could be anticipated. The project, originally scheduled for completion by September 30, 2008, was put on hold due to issues with the flow meters. The project was completed and operational in January 2010. The City had several capital contribution projects that were completed during the fiscal year that resulted in the increase in net position.
- The Landfill Utility ended the fiscal year with total expenses of \$3,719,323 and ended with a net loss of \$41,713. This loss over the prior year ended June 30, 2014, was mainly due to less revenue generated from private haulers.
- The Stormwater Utility ended the fiscal year with total expenses of \$1,108,997 and ended with a net loss of \$73,409
- Fees provide the largest share of revenues for all of the business-type activities.

FUND STATEMENTS FINANCIAL ANALYSIS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project Funds.

Governmental funds (Continued)

As of the end of the fiscal year ended June 30, 2015, the City's governmental funds reported combined ending fund balances of \$16.4 million, a decrease of \$5.7 million from 2014. Approximately \$4.1 million or (25%) of this total amount constitute unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance is restricted, committed, or assigned to indicate that it is not available for new spending because it has already been restricted, committed, or assigned to (1) liquidate existing contracts and purchase orders, (2) to pay debt service, and (3) for other restricted purposes.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$4.1 million while total fund balance was \$5.1 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance and total fund balance to total fund expenditures. Total unassigned fund balance represents 23.6% of total general fund expenditures of \$17.58 million. The increase in fund balance is due to higher than budgeted collections in the area of local sales tax, property tax, and penalties collected on property tax, etc.

The Education Fund is the operating fund for the Alcoa City Schools. As of June 30, 2015, the fund balance is \$1,093,096. The fund balance represents 6.3% of the schools total budget of \$17,450,000. The primary reason for the increase is the increase in local sales tax.

The Debt Service Fund is used to pay principal and interest for debt issued for City and School-related projects. The revenue in the Debt Service Fund was from transfers made by the General Fund and Enterprise Funds. The assigned fund balance at June 30, 2015 is \$2,945,179 in the debt service fund.

Schedules for Other Non-Major Governmental Funds, Capital Projects, and Special Revenue Funds are also found in the financial statements and discussed in the notes to the financial statements.

Proprietary funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

As of June 30, 2015, the Stormwater Utility net position totaled \$982,702. No major projects have been launched so a fund balance could be created to handle any future ventures. The Utility's expenses exceeded revenue and generated a net loss of \$73,409.

Net position for Water and Sewer Utility as of June 30, 2015 were \$19,498,899, an increase of \$29,998 from 2014. The increase was primarily due to rate increases made in the Water and Sewer Utility.

Net position of the Electric Utility as of June 30, 2015 was \$36,274,464, a decrease of \$247,828. The electric utility rates, as discussed earlier, were increased during the 2011 fiscal year by Tennessee Valley Authority. The rate increases were passed on to our customers. In addition, the City of Alcoa Electric implemented a local retail rate increase of 2.5% effective July 1, 2010. Expenditures during the current year were approximately \$1,504,000 more than the prior year, while revenues were up approximately \$902,000.

Net position of the Landfill Utility as of June 30, 2015 was \$2,248,630, a decrease of \$41,713, primarily due to less revenue generated from private haulers.

Budget Highlights – General Fund

The difference between the original budget and the final amended budget increased by \$330,000.

Significant difference (greater than \$100k) between the final amended budget and actual amounts can be summarized as follows:

Tax revenues were increased by \$180,000 due to public works labor and materials. Contributions/grants to other agencies increased by \$140,000 due to retirement supplements.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets for its governmental and business type activities as of June 30, 2015 and 2014 amount to \$218,655,655 and \$190,177,846 (net of accumulated depreciation), respectively. Capital assets include land, buildings, infrastructure, improvements, machinery and equipment, and construction in progress.

The table below reflects the capital assets at the end of both fiscal years:

	Capital Assets, Net of Depreciation						
	Government	al Activities	Business-Ty	pe Activities	Total	Total	
	<u>2015</u>	<u>2014</u>	<u>2015</u>	<u>2015</u> <u>2014</u>		<u>2014</u>

Major capital asset events during the current fiscal year included the following:

- Various equipment and vehicles were acquired for use in both governmental and business-type activities.
- Continued water line and sewer lines projects (new and rehab)
- Continued work on an auxiliary water line intake
- Continued work on installation of a new electric meter reading system (TWAC)
- City-wide traffic signalization improvement project
- Alcoa High School construction project

Capital Assets (Continued)

For government-wide financial statement presentation, all depreciable capital assets are depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital asset purchases as expenditures. Please refer to the Notes to the Financial Statements (See Note 5 – Capital Assets) for further information regarding capital assets.

Debt Administration

At the end of the current fiscal year, the City had total long-term obligations outstanding of \$169.1 million. Of this amount, \$148.5 million are revenue bonds, general obligation bonds, and capital outlay notes backed by the full faith and credit of the City and \$8.8 million is estimated liability for Landfill closure and post closure costs and capital outlay notes. The remainder includes capital leases of \$9.7 million and compensated absences of \$2.2 million (See Note 6 – Long-Term Liabilities).

	Outstanding Long-Term Obligations

The City of Alcoa's total long-term debt increased by a net of \$5.216,484 during the current fiscal year. The key factor to this increase was due to the City borrowed \$18,995,000 to finance Alcoa High School Construction and refund 2006 bonds of \$7,900,000 during the year. The City retired other debt in the amount of \$5,694,964.

Additional information on the City's long-term debt can be found in the Notes to the Financial Statements (see Note 6 – Long-Term Liabilities).

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for the City of Alcoa is currently 8.4%. This is lower than the State's average unemployment rate of 9.8%.
- The commercial industry has improved in the past twelve months and the City believes it will continue to improve.
- Inflationary trends in the region compare favorably to national indices.

All of these factors were considered in preparing the City of Alcoa's budget for the 2016 fiscal year. During the current fiscal year, the total unassigned fund balance in the general fund increased by \$1,375,030 primarily due to tax revenue increases and due to the overall economy upswing. The City of Alcoa has not appropriated any of this amount for spending in the 2016 fiscal year budget. The remaining budgets had very little, if any, changes from the prior year.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, city commissioners, customers, investors, and creditors with a general overview of the City's finances. If you have any questions about this report or need additional information, contact:

CITY OF ALCOA, TENNESSEE RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES

For the Fiscal Year Ended June 30, 2015 With Comparative Totals for the Fiscal Year Ended June 30, 2014

Amounts reported for the governmental activities in the statement of activities are different because: 1) Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over the estimated lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period: 2015 2014 Capital Outlay \$24,838,455 \$19,856,114 Depreciation (2,982,186) (2,288,2114) S21,856,269 \$16,974,000 21,856,269 \$16,974,000 2) Lease payments are reported as expenditures in the governmental funds when paid. For the city as a whole, however, the principal portion of the payments serve to reduce the liability in the statement of net position while the acquisition of new leases increase the liability. This is the amount by which principal payments (exceed) or are less than new capital leases: Payments (exceed) or are less than new capital leases: Payments (exceed) or are less than retirement for deported acquisition of new leases increase the liability. This is the amount by which principal payments (exceed) or are less than new capital leases: 146,266) 2014 New Leases \$1 \ 2015 2014 New Leases \$2 \ (146,266) \ (270,585) \ (270,585) \) 3) The issuance of long-term debt consumes the current financial resources of governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This is the amount by which the bond proceeds (exceed) or are less than retirement in the current period: 2015 2014 Bonds issued \$18,995,000 \$22,000,000 Retired (13,594,964) (4,157,023) \$5,400,036} \$17,842,977 4) The net revenues (expenditures) of internal service funds activities are reported with governmental activities. 197,930 129,971 5) Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported in the governm			<u>2015</u>	<u>2014</u>
are different because: 1) Governmental funds report capital outlay as expenditures. NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The City of Alcoa, Tennessee, was incorporated July 1, 1919, under the provisions of Act 116, P.A. 1919, as amended. The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, public utilities, education, public improvements, planning and zoning, and general administrative services.

The accounting policies of the City of Alcoa are in conformity with all applicable statements of the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

(A) FINANCIAL REPORTING ENTITY:

The City of Alcoa, Tennessee, is a municipal corporation governed by an elected five-member Board of Commissioners. As required by accounting principles generally accepted in the United States of America, the accompanying financial statements present the City of Alcoa, Tennessee (primary government) and all funds, organizations, agencies, departments, and offices that are a part of the primary government. The criteria for determining a primary government consist of the following:

- (1) A separately elected governing body.
- (2) Separate legal standing corporate power with the capacity to have a name; the right to sue and be sued in its own name without recourse to a state or local governmental unit; and, the right to buy, sell, lease or mortgage property in its own name.
- (3) Fiscal independence of other state and local governments by determining its budget, levying taxes, setting rates or charges, and issuing bonded debt without approval by another government.

A component unit is defined as a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit can be another organization for which the nature and significance of its relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Based on the criteria applicable to GASB No. 14, as amended by GASB Statement No. 39, for component units, the City has no financial accountability for any component units. Therefore, the financial reporting entity is limited to those funds, departments, and offices which comprise the City's legally adopted jurisdictions.

The following organizations are excluded from the accompanying financial statements in that they do not meet the prescribed GASB Statement 39 criteria:

City of Alcoa Schools' Student Activity Funds:

The Alcoa Board of Education, through its school principals, governs the Student Activity Funds of the Alcoa City Schools as provided for in the Internal School Accounting Act (Tennessee Code Annotated Section 49-2-110). The Activity Fund monies are used to finance school extra-curricular activities for the benefit of the student body as a whole. Separate financials (available at the Board of Education Office) are issued for the Student Activity Funds. The City cannot access the Student Activity Funds' resources, nor does the City have any legal obligation to subsidize the Activity Funds. The Student Activity Funds are used only for the benefit of the students.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(A) FINANCIAL REPORTING ENTITY (Continued):

Tennessee Consolidated Retirement System (TCRS):

The City's teachers and other City employees participate in the TCRS, an employee benefit plan established as an individual entity, and is liable for its proportionate costs associated with the operation and administration of its plan. However, control over the operation and administration of the plan, including investment decisions, is vested in the State of Tennessee along with custody of the plan assets.

(B) BASIC FINANCIAL STATEMENTS:

The basic financial statements (in accordance with GASB No. 34) include both government-wide (based on the City as a whole and its component units, (if any) and fund financial statements. Both the government-wide and fund financial statements categorize activities as either governmental activities or business-type activities. *Governmental activities* are normally supported by taxes and intergovernmental revenues. *Business-type activities* rely to a significant extent, on fees and charges for support. All activities, both governmental and business-type, are reported in the government-wide financial statements using the economic resources measurement focus and the accrual basis of accounting, which includes long-term assets as well as long-term obligations. The government-wide financial statements focus more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The government-wide financial statements (the statement of net position and the statement of activities) report on the government as a whole. The statements include the City of Alcoa and any applicable component units, except that neither fiduciary funds nor the component units that are fiduciary in nature are included.

The government-wide Statement of Activities demonstrates the degree to which the direct expenses, including depreciation, on the various departments of the City are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific department. Interest on general long-term debt and depreciation expense on assets shared by multiple departments, are not allocated to the various departments. Program revenues include revenues from fines and forfeitures, licenses and permit fees, special assessment taxes, certain intergovernmental grants, other entities participation and charges for services. Taxes and other items not properly included among program revenues are reported as general revenues.

Generally, the effect of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements.

The City does not currently utilize an indirect cost allocation system. The General Fund charges certain administrative fees to departments within other operating funds to support general services used by those funds. The expenditures/expenses are recorded as a reduction of expense in the allocating fund. Therefore, no elimination is required from either the government-wide or fund level financial statements.

The fund financial statements are, in substance, very similar to the financial statements presented in the previous financial reporting model. Emphasis here is on the major funds in either the governmental or business-type categories. Non-major funds are summarized into a single column.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(B) BASIC FINANCIAL STATEMENTS (Continued):

Unless an internal service fund is combined with the business-type activities (deemed to be an infrequent event), totals on the proprietary fund statement should directly reconcile to the business-type activity column presented in the government-wide statements.

Internal service funds of a government (which traditionally provide services primarily to other funds of the City) are presented as part of the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are consolidated into the governmental column when presented at the government-wide level. To the extent possible, the costs of these services are reflected in the appropriate department.

(C) BASIS OF PRESENTATION:

The City uses funds to report on its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid in the City's financial management by segregating transactions related to certain functions or activities.

The following fund categories are used by the City:

GOVERNMENTAL FUND TYPES: All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Sales taxes are considered "measurable" (susceptible to accrual) when in the hands of intermediary collecting agencies and are recognized as revenues at that time. All other intergovernmental revenues are recorded as revenue when received. Property tax revenues are recognized in the fiscal year for which they are levied. Expenditures are recognized when the related fund liability is incurred.

Governmental Funds include the following fund types:

General Fund: The General Fund is established to account for resources devoted to financing the general services that the City performs for its citizens. General tax revenues and other sources of revenue used to finance the fundamental operations of the City are included in this fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is always considered a major fund in the basic financial statements.

<u>Special Revenue Funds</u>: Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes as defined by GASB 54 – *Fund Balance Reporting and Governments Fund Type Definition*. There is one special revenue fund presented as a major fund in the basic financial statements:

Education Fund: The Education Fund is used to account for the general operations of the Alcoa City Schools. Major funding for the Education Fund is provided by State Education funds, shared revenues provided by Blount County, and property tax revenue from the City's General Fund.

<u>Debt Service Fund</u>: The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general obligation long-term debt principal, interest, and related costs. The debt service fund is presented as a major fund in the basic financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(C) BASIS OF PRESENTATION (Continued)

<u>Capital Projects Funds</u>: Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of capital facilities and/or related improvements, other than those financed by Enterprise operations. There are three capital project funds presented as major funds in the basic financial statements:

- (1) School Construction and Improvement Fund: The School Construction and Improvement Fund is used to account for expenditures incurred in the renovation of schools within the Alcoa City School System.
- (2) Alcoa High School Construction Fund: This fund is used to account for expenditures incurred for the construction of a new high school.
- (3) General Obligation Public Works Construction Fund: This fund is used to account for public works construction and improvements.

<u>Proprietary Fund Types</u>: Proprietary funds are used to account for the City's ongoing operations and activities, which are similar to those often found in the private sector. The focus of Proprietary Fund measurement is upon the determination of operating income, changes in net position, financial position and cash flows. Each proprietary fund is reported as a major fund in the basic financial statements.

Proprietary funds include the following fund types:

Enterprise Funds: Enterprise Funds are used to account for operations, including debt service, (a) that are financed and operated in a manner similar to private businesses – where the intent of the government body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis is financed or recovered primarily through user charges; or (b) where the governing body has determined that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The following Enterprise funds are used by the City:

Water and Sewer Utility Fund: The Water and Sewer Utility Fund is used to account for the operation of the City's water and sewer system.

<u>Electric Utility Fund</u>: The Electric Department Fund is used to account for the operation of the City's electric system.

<u>Landfill Fund</u>: The Landfill Fund is used to account for the operation by the City of the Blount County Landfill.

<u>Stormwater Utility Fund</u>: The Stormwater Utility Fund is used to account for the operations of the City's stormwater utility system.

<u>Internal Service Funds</u>: Internal Service Funds are used to account for the providing of goods or services to other governmental operating units such as departments, bureaus, and agencies. The services provided may include duplicating services, data processing, legal services, motor pools, and centralized maintenance. Also, an Internal Service Fund may produce goods as does a manufacturer. For example, products may be provided by government printing shops, repair facilities, and processing facilities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(C) BASIS OF PRESENTATION (Continued)

Internal Service Funds (Continued)

The purpose of centralizing certain activities in an Internal Service Fund is to achieve a level of operating efficiency that may not be available if the same activities were performed by multiple units within the governmental organization. Costs associated with the centralized activity are usually recovered from those governmental units that benefit from the goods or services provided through the Internal Service Funds. Thus, the objective of an Internal Service Fund is not to make a profit but rather to recover, over a period of time, the total cost of providing the goods or services.

The following Internal Service Funds are used by the City:

<u>Employee's Insurance Trust Fund</u>: The Employee's Trust Fund is used to account for the City of Alcoa's self-insured health insurance program. Premiums charged to various operating funds and employee payroll deductions are placed in this fund for the payment of medical claims and administrative expenses.

<u>Flexible Spending Account Fund</u>: The Flexible Spending Account Fund is used to account for the City of Alcoa's flexible spending program. Employee payroll deductions are placed in this fund for the payment of dependent care and medical claims.

<u>Service Center Fund</u>: This fund is used to account for services provided to other departments of the City by the Service Center, on a cost reimbursement basis.

<u>OPEB Insurance Fund</u>: This fund is used to account for the City's liability for postemployment benefits, including payments and required contributions for all City employees.

<u>School OPEB Insurance Fund</u>: This fund is used to account for the Alcoa Board of Education's liability for postemployment benefits, including payments and required contributions for all school employees.

Fiduciary Funds Types: These Funds account for assets held by the City as trustee or agent, and are as follows:

<u>Pension Trust Fund</u>: This fund was established to provide pension benefits for City employees. The Pension Trust Fund is used to account for assets held by the City of Alcoa in a fiduciary capacity for employees or former employees of the City. The Pension Trust Fund, like Proprietary Funds, uses the accrual method of accounting.

(D) MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. This presentation is deemed most appropriate to 1) demonstrate legal and covenant compliance, 2) demonstrate the source and use of liquid resources, and 3) demonstrate how the City's actual experience conforms to the biennial budget. Under the modified accrual basis of accounting, revenues are recorded when

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(D) MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

susceptible to accrual, i.e., both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" is defined as collectible within the current period or within 60 days of the end of the current fiscal period. Expenditures, other than interest on long-term debt, are recorded when the related fund liability is incurred, if measurable. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues susceptible to accrual include property tax, local sales tax, state-shared sales tax, highway user tax, vehicle license tax, franchise fees, special assessments and interest earned on pooled investments. Licenses and permits, charges for services, fines and forfeitures and miscellaneous revenues are generally recorded as revenues when received in cash because they are not measurable until actually received. In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for a specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to the purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

The City reports deferred revenues in the governmental funds if the potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the City before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability for deferred revenue is removed and revenue is recognized.

Since the governmental fund financial statements are presented on a basis different than the governmental activities column of the government-wide financial statements, a reconciliation is provided immediately following each fund statement. These reconciliations briefly explain the adjustments necessary to transform the fund financial statements into the governmental activities column of the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. An exception to this rule is charges between the government's water and sewer function and various functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the applicable functions.

Amounts reported as program revenue include 1) charges to customers or users who purchase, use or directly benefit from goods or services provided by a particular department 2) operating grants and contributions that are restricted to meeting the operational requirements of a particular department and 3) capital grants and contributions that are restricted. Taxes, investment income and other revenues not identifiable with a particular department are included as general revenues. The general revenues support the net costs of the departments not covered by the program revenues.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(D) MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services of the fund's principal ongoing operations. Operating expenses include the cost of providing the goods and services, administrative expenses, and depreciation on capital assets. Non-operating revenues and expenses are items such as investment income and interest expense, which are not a result of the direct operations of the activity.

Management's Discussion and Analysis – In accordance with GASB Statement No. 34, the financial statements are accompanied by a narrative introduction and analytical overview of the City's financial activities in the form of "management's discussion and analysis" (MD&A). This analysis is similar to the analysis provided in the annual reports of private-sector organizations.

Government-Wide Financial Statements – The financial statements are prepared using full accrual accounting for all of the City's activities. This approach includes not just current assets and liabilities but also capital and other long-term assets as well as long-term liabilities. Accrual accounting also reports all of the revenues and costs of providing services each year, not just those received or paid in the current year or soon thereafter.

Statement of Net Position – The statement of net position is designed to display the financial position of the primary government (government and business-type activities). The City reports all capital assets in the government-wide statement of net position and reports depreciation expense – the cost of "using up" capital assets – in the statement of activities. The net position of the City are broken down into three categories – 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

Statement of Activities – The government-wide statement of activities reports expenses and revenues in a format that focuses on the cost of each of the City's functions. The expense of individual functions is compared to the revenue generated directly by the function. Accordingly, the City has recorded capital and certain other long-term assets and liabilities in the statement of net position, and has reported all revenues and the cost of providing services under the accrual basis of accounting in the statement of activities.

(E) BUDGETS AND BUDGETARY ACCOUNTING:

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. In a timely manner, the City Manager submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the following July 1st. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted by the City to obtain taxpayer comments.
- 3. Prior to July 1st, the budget is legally enacted through passage of an ordinance.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(E) BUDGETS AND BUDGETARY ACCOUNTING:

The City follows these procedures in establishing the budgetary data reflected in the financial statements (Continued):

- 4. The City Manager is authorized to transfer budgeted amounts within a department of any fund; however, any revisions that alter the total expenditures of any department or fund must be approved by the Board of Commissioners.
- 5. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Capital Projects Funds. Formal budgetary integration is not employed for Debt Service Funds because effective budgetary control is alternatively achieved through general obligation bond indenture provisions.
- 6. Budgets for the General Fund, Special Revenue Funds (excluding the Special Assessment Fund), and Capital Projects Funds are adopted on a basis consistent with generally accepted accounting principles.

Budgeted amounts are as originally adopted, or as amended by the Commissioners. Individual amendments were not material in relation to the original appropriations. All appropriations lapse at year end.

(F) ENCUMBRANCES:

Encumbrance accounting, under which purchase orders, contracts, or other commitments for the expenditures of funds are recorded in order to restrict that portion of the applicable appropriation, is employed in the governmental funds. Open encumbrances are reported as restricted, since the commitments will be honored through subsequent years' budget appropriations.

(G) CASH:

The City pools cash resources of some of its various funds (excluding fiduciary funds) in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements.

Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the City's investments. Cash and cash equivalents consist of demand deposits and certificates of deposit with original maturities of three (3) months or less, primarily with local financial institutions. The deposits and investments of the pension funds are held separately from those of other governmental funds.

Custodial Credit Risk is the risk that, in the event of a bank failure, the City's deposits may not be returned to it. The City's policy is to only maintain funds in financial institutions which are members of the Tennessee Bank Collateral Pool.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(G) CASH (Continued)

The captions "cash and cash equivalents" and "investments and certificates of deposits" in the accompanying combined financial statements includes cash and equity in the pooled cash account described as follows:

TOTAL GOVERNMENT	\$ 20,563,004	<u>\$ 9,944,246</u>	\$ 30,507,250
(Continued)			

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(H) RECEIVABLES AND UNBILLED REVENUE:

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

During the fiscal year 1983, the City adopted a procedure whereby the Electric Utility Fund purchases the receivables of the Water and Sewer Utility Fund. This procedure results in one billing to customers for user charges.

The Enterprise Funds delay the recording of some accrued revenues. This comes about by staggering their meter reading dates during the month. Consequently, there is a lag in meter reading time and billing dates as the Utilities do not bill at a cut-off date of June 30th, the year-end. Unbilled revenues are estimated by calculation of the number of days unrecorded based on the following month's billing.

The Utilities' approximate unbilled revenues at June 30, 2015 are as follows:

Total	\$ 4,576,333
Water and Sewer Utility Fund	
Electric Utility Fund	\$ 3,699,557

(I) CASH AND INVESTMENTS:

Cash and cash equivalents in governmental type funds consist of petty cash demand deposits, and all highly liquid investments with original maturities of three months or less. Investments in fiduciary funds are stated at fair value. Investments and non-cash equivalents consist of certificates of deposit, United States government securities, commercial paper and bonds with an original maturity date greater than three (3) months.

In order to provide a safe temporary medium for investment of idle funds, the City adopted an investment policy that allows investment in the following:

- 1. Bonds, notes and treasury bills of the United States;
- 2. Non-convertible debt securities of certain government sponsored enterprises that are chartered by the Congress of the United States;
- 3. Other obligations which are guaranteed as to principal and interest by the United States or any of its agencies;
- 4. Certificates of Deposit at state and federal chartered banks and savings and loan associations;
- 5. The Local Government Investment Pool created by TCA, Title 9, Chapter 4, Part 2;

(J) DUE TO AND DUE FROM OTHER FUNDS, AND INTERFUND TRANSFERS:

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

Operating transfers represent intragovernmental transactions, and therefore, cannot be considered as revenues or expenditures of the related funds for financial reporting purposes. The exception to transfers between funds are transactions between funds whereby the transaction is classified as a revenue, expenditure, or expense, such as routine service charges for inspection, engineering, utilities, or similar services provided by a department financed from one fund to a department financed from another fund. These transactions give rise to the recording of revenues, expenditures, and expenses by the funds involved in the transaction, as if the transaction had been consummated with an external entity.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(J) DUE TO AND DUE FROM OTHER FUNDS, AND INTERFUND TRANSFERS (Continued):

Interfund receivables/payables (due to/from) at June 30, 2015, are as follows:

Fund	Amount	Fund	<u>Amount</u>
INTERFUND		INTERFUND	
RECEIVABLES:		PAYABLES:	
Education Fund	\$ 69,550 (1)	Federal Projects	\$ 69.550(1)

(1) The above balances resulted from the time lag between the dates that reimbursable expenditures occur and payments between funds are made.

Interfund transfers during the fiscal year ended June 30, 2015 are as follows:

						To:				
From:	Debt Service	General Fund	City	y OPEB	Scho	ol OPEB	AHS struction	•	nipment acement	<u>Totals</u>
General Fund	\$ 4,560,000	\$ -	\$	65,000	\$	_	\$ _	\$	57,383	\$ 4,682,383
Electric Utility	1,448,056	1,328,324		-		-	-		-	2,776,380
Water/Sewer Utility	3,424,495	400,000		-		-	-		-	3,824,495
Education Fund	-	-		-		68,500	-		-	68,500
School Construction	-	-		-		-	480,000		-	480,000
Landfill Fund	999,131	<u>-</u>					 _		<u> </u>	999,131
Total	\$10,431,682	\$ 1,728,324	\$	65,000	\$	68,500	\$ 480,000	\$	57,383	\$12,830,889

(K) INTEREST RECEIVABLE:

Interest on investments is recorded as revenue in the year the interest is earned and is available to pay liabilities of the current period.

(L) INVENTORIES AND PREPAID ITEMS:

Materials and supplies inventories of the proprietary funds are maintained by a perpetual inventory accounting system and are valued on a basis of the lower of average cost or market, using first–in first–out method. Inventory of the Alcoa City Schools' Cafeteria Fund is accounted for on the purchase (cost) basis, using the first-in first-out method.

Prepaid items consist of payments to vendors for costs applicable to future accounting periods. These items are recorded as prepaid items in both the government wide and fund financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(M) OTHER ASSETS:

Other assets held are recorded and accounted for at cost.

(N) RESTRICTED ASSETS:

State and federal laws and regulations require the Landfill Fund to restrict cash and investments for closure and postclosure costs of the Landfill. Restricted at June 30, 2015 is \$8,755,195.

(O) USE OF ESTIMATES:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(P) COMPENSATED ABSENCES:

The City of Alcoa, Tennessee, accounts for compensated absences in conformity with the Governmental Accounting Standards Board (GASB) Statement Number 16, whereby a liability is accrued for the amounts employees are entitled to receive for future absences. Such accruals include related costs such as payroll taxes and retirement contributions as required by GASB Statement Number 16.

The City of Alcoa employees are granted vacation and sick leave in varying amounts. Vacation is generally granted for periods from two (2) to five (5) weeks based on the number of years employed. Employees earning more than two (2) weeks of vacation during the previous calendar year may carry over one (1) week (40 hours) of vacation leave in addition to that earned the preceding year. In the event of termination, an employee is reimbursed for accumulated vacation days. Sick leave is accumulated at one (1) day per month for an unlimited amount. Employees are reimbursed for accumulated sick leave up to a maximum of eighty (80) days only after reaching the established normal retirement age. If an employee terminates prior to attaining the normal retirement age, the accumulated sick leave is forfeited.

Employees of the City of Alcoa Board of Education accumulate sick leave at the rate of one (1) day per month or a maximum of ten (10) days per year based upon a ten (10) month period. Non-professional employees of the Board have the same sick leave policies as other employees of the City of Alcoa.

Compensated absences are those absences for which employees will be paid for services already rendered and that are not contingent on a specific event that is outside the control of the employer and employee. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the employer and employee are accounted for in the period those services are rendered or those events take place.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(P) COMPENSATED ABSENCES (Continued):

Accumulated unpaid vacation and vested sick pay are accrued in the Government-wide and all Proprietary Fund statements. Long-term liabilities of the governmental funds are not shown on the fund financial statements, as these benefits are not expected to be liquidated with expendable available financial resources.

In governmental funds, compensated absences that have matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement) are reported as an expenditure and fund liability in the fund that will pay for the compensated absences. The remainder of the compensated absences liability is reported as General Long Term Debt. In the proprietary funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

(Q) CAPITAL ASSETS

Capital assets, including public domain infrastructure (e.g. roads, bridges, sidewalks and culverts) are reported in applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life greater than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add value to the asset, or materially extend its life, are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are completed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed, if material. Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives (land and construction-in-progress) are not depreciated:

<u>Assets</u>	<u>Useful life (years)</u>
Buildings	50
Improvements	20 - 50
Equipment and vehicles	5 - 25
Infrastructure	60

(R) LONG-TERM OBLIGATIONS:

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type. Debt issuance costs which are recovered through rate charges established by regulatory authority are deferred and amortized over the life of the debt. Debt payable is reported net of the applicable premium or discount.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(R) LONG-TERM OBLIGATIONS (Continued)

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, in the period in which the debt is issued. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Proprietary fund financial statements recognize debt issuance costs recovered through rate charges as deferrals that are amortized to interest expense over the life of the debt. Debt payable is reported net of the applicable premium discount. Under GASB statement No. 62, debt issue costs that are recovered through rate charges established by the regulatory authority are recognized as deferred regulatory charges. They are amortized over the life of the debt.

(S) COMPARATIVE TOTAL DATA:

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. Certain comparative data for the prior year was reclassified to be comparable with June 30, 2015 accounts in the government wide and fund financial statements. However, comparative data (i.e., presentation of prior year's totals by fund type) have not been presented in each of the statements, since their inclusion would make the statements unduly complex and difficult to read.

(T) IMPLEMENTATION OF NEW ACCOUNTING STANDARDS:

The City follows Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. Under this statement fund balances are classified into the following categories:

- a. Nonspendable fund balances comprise those amounts that are legally or contractually required to be maintained intact.
- b. Restricted fund balances comprise those amounts constrained to be used for a specific purpose by external parties, constitution provisions or enabling legislation.
- c. Committed fund balances comprise those amounts constrained by the government itself using its highest level of authority (commission) using its highest level of formal action (ordinance).
- This amount can also include amounts needed to balance the next year's budget when the budget is approved by ordinance.
- d. Assigned fund balances are amounts intended to be used for a specific purpose by the governing body through action other than the highest level of authority or an official expressly authorized by the governing body. Only the City Council has the authority to assign funds for specified purposes, by a majority vote system.
- e. Unassigned fund balances are any amounts other than those described above and are available for any purpose.

The City has no formal policy with regard to classifying expenditures among the various classifications. Thus, the default provision under GASB Statement 54 apply expenditures first to restricted resources, then to committed resources, then to assigned resources, and finally to unassigned resources. No City official is granted the authority to assign fund balance. In addition, the City has no formal policy with regard to stabilization funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(T) IMPLEMENTATION OF NEW ACCOUNTING STANDARDS:

The Governmental Accounting Standards Board (GASB) issued Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. This Statement establishes standards for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and also requires related disclosures. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011.

In addition, the GASB has issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This Statement specifies the items that were previously reported as assets and liabilities that should now be reported as deferred outflows of resources, deferred inflows of resources, outflows of resource, or inflows of resources. Since this Statement closely correlates to Statement No. 63, the City has elected to early implement the provisions of this statement.

(U) PENSIONS:

Primary Government - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Alcoa's participations in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS) and the City's Employees Retirement System, and additions to/deductions from the City's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan, and the City's Employee Retirement System For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of TCRS, and the City's Employees Retirement System. Investments are reported at fair value.

City of Alcoa Education - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

(V) IMPLEMENTATION OF NEW ACCOUNTING PRONOUNCEMENT

In June 2012 the Governmental Accounting Standards Board issued Statement No. 68, *Accounting and Financial Reporting for Pensions*, effective for the fiscal year beginning July 1, 2014. This statement revises existing standards for measuring and reporting pension liabilities for pensions provided by the City to its employees. This Statement requires recognition of a liability equal to the net pension liability, which is measured as the total pension liability, less the amount of the pension plan's fiduciary net position. The City implemented this standard effective July 1, 2014.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

(V) IMPLEMENTATION OF NEW ACCOUNTING PRONOUNCEMENT (Continued):

The Agency's Net Position at July 1, 2014 was restated to reflect the effects of this pronouncement as follows:

	Total Government Activities	Total Business <u>Activities</u>	<u>Total</u>
Net position, June 30, 2014 Recognition of Pension liability	\$ 16,029,663 (13,054,664)	\$ 59,560,593 (1,129,042)	\$ 75,590,256 (14,183,706)
Restated Net Position, July 1, 2014	\$ 2,974,999	\$ 58,431,551	\$ 61,406,550

(W) RECLASSIFICATIONS/NET POSITION RESTATED:

Certain prior year assets, liabilities, equity, revenues and expenditures of the General Fund, Special Revenue Funds, Fiduciary Fund and Enterprise Funds have been reclassified to facilitate comparison with June 30, 2015 amounts. The reclassification causes no effect on the "excess of revenues and other sources over expenditures and other uses" or on beginning fund equities.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position:

Total fund balances of the City's governmental funds differ from net position of governmental activities reported in the statement of net position. The difference primarily results from the long-term economic focus in the statement of net position versus the current financial resources focus in the governmental fund balance sheets.

Balance Sheet/Statement of Net Position

Total Other Financing Sources (Uses)/Changes	170,031					170,051
In Net Position	17,638,160	_	(15,733,182)			1,904,978
Net Change for the Year	<u>\$ (5,719,176</u>)	<u>\$ 21,852,121</u>	<u>\$ (7,782,276)</u>	<u>\$ 197,930</u>	<u>\$</u>	<u>\$ 8,547,599</u>

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrual for compensated absences \$ 974,749

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas, net position decrease by the amount of depreciation expense charged for the year, and the loss on disposal of capital assets.

 Capital expenditures
 \$ 24,834,307

 Depreciation
 (2,982,186)

 Net Change
 \$ 21,852,121

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued):

Repayment of debt principal is reported as a expenditure in governmental funds and, thus, has the effect of reducing fund balance because current financial resources have been used. For the City as a whole, however, the principal payments reduce the liabilities in the statement of net position and do not result in an expense in the statement of activities. The City's long-term debt was reduced because principal payments were made to holders of long-term debt.

Principal payments made

\$ 5,269,964

NOTE 3 – CASH AND INVESTMENTS:

In order to provide a safe temporary medium for investment of idle funds, municipalities are authorized by TCA 6-56-106 to invest in the following:

- (1) Bonds, notes, or treasury bills of the United States;
- (2) Other obligations which are guaranteed as to principal and interest by the United States or any of its agencies;
- (3) Certificates of deposit at state and federal chartered bank and savings and loan associations;
- (4) Obligations of the United States or its agencies under a repurchase agreement if approved as an authorized investment by the State Director of Local Finance;
- (5) Money market funds whose portfolios consist of any of the foregoing investments if approved as an authorized investment by the State Director of Local Finance; and
- (6) The Local Government Investment Pool under which local monies are transferred to and invested with the State Treasurer's cash portfolio.

Cash and investment include bank balances and investments that at the balance sheet date were either entirely insured or collateralized with securities held by the Tennessee Investment Collateral Pool.

Interest rate risk: The City has no formal investment policy regarding interest rate risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's internal management procedures limits investments to maturities of less than twelve months.

Credit risk of investments: The City has no formal policy relating to the credit risk of investments, but has internal management procedures restricts the purchase of securities to the highest possible ratings. Certain bond proceeds are temporarily invested with Morgan Keegan which is unrated. Other investments consist of certificates of deposits in fully insured financial institutions. The City also invests in the LGIP (Local Government Investment Pool) which is unrated.

The City's investment policy allows investments in obligations of the U.S. Treasury and other authorized investments as more fully explained in Note 1.

Cash and investments include bank balances and investments that at the balance sheet date were either entirely insured or collateralized with securities held by the Tennessee Investment Collateral Pool.

Investments are shown at fair value; except that investments that have a remaining maturity at the time of purchase of one year or less are shown at amortized cost (none at June 30, 2015). Fair value is based on quoted market prices.

NOTE 3 – CASH AND INVESTMENTS (Continued):

Presented below is a summary of Combined Cash, Certificates of Deposit and Investments by Fund as of June 30, 2015:

Investments in the Local Government Investment Pool, if applicable, are reported at amortized cost. The State Pooled Investment Fund, of which the Local Government Investment Pool is a part, is managed like a SEC 2a-7 fund. The same investment guidelines are followed, but the State Pooled Investment Fund does not report to the SEC.

NOTE 3 – CASH AND INVESTMENTS (Continued):

The shares in the Local Government Investment Pool are constant dollar. Therefore, the fair value of the position in the Pool is the same as the value of the Pool shares.

The State Pooled Investment Fund is governed by the State Funding Board in accordance with Tennessee Code Annotated. The Funding Board is comprised of the State Treasurer, the Comptroller, the Commissioner of Finance and Administration, the Secretary of State, and the Governor. Reporting is done monthly, quarterly, and annually and there are regularly scheduled meetings. The Funding Board has developed an Investment Policy which meets SEC 2a-7 requirements and state law. The Investment Pool has received no credit quality rating from a credit rating agency.

Additional financial information regarding the Local Government Investment Pool is available from the Local Government Investment Pool, P. O. Box 198785, Nashville, Tennessee 37219-8785 (telephone (615) 532-1163).

The Employees' Retirement System Fund is additionally authorized to invest in U.S. Government Securities and corporate equity securities. Investments and non-cash equivalents in this Fiduciary Fund at June 30, 2015, are described below:

	Carrying <u>Amount</u>	Fair <u>Value</u>
Government Bonds	\$ 4,935,281	\$ 4,935,281
Savings Certificates	1,014,343	1,014,343
Corporate Securities	16,006,307	16,006,307
Accrued interest	126,639	126,639
Municipal Obligations	1,454,306	1,454,306
Total Retirement System	<u>\$ 23,536,876</u>	<u>\$ 23,536,876</u>

Credit Risk – Employees' Retirement System Fund

The credit quality rating of investments in debt securities – the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. A nationally recognized statistical rating organization assigns a rating. The City's investments in U.S. Agencies are rated Aaa, whereas the corporate securities investments are unrated. First Tennessee Bank is the investment agent for the Employees' Retirement System Fund. No separate audited GAAP-based benefit plan report is available for the defined benefit plan. Additional financial information regarding the Employees' Retirement System Fund is available from First Tennessee Bank, 4385 Poplar Avenue, Memphis, TN 38117.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates that will adversely affect the fair value of an investment. Generally the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. While the City has no formal policy to limit its interest rate risk, it manages its exposure to interest rate risk by purchasing a combination of shorter term and longer term certificates of deposit and by timing cash flows from maturities so that a portion of the portfolio is maturing evenly over time as necessary to provide cash flow and liquidity needed for operations.

Concentrations of Credit Risk

The City places no limit on the amount the City may invest in any one issuer.

NOTE 4 – PROPERTY TAX:

The City's property tax is levied each September 1st on the assessed value as listed by the County Assessor and is payable by each October 1st. Property taxes are delinquent after October 1st, and are recorded as such on June 30th. The assessed values are established by the County Assessment Board. The City's tax rate for the years ended June 30, 2011 through 2015 was 1.96 per \$100.00 of assessed value.

Property taxes levied for 2014 are recorded as receivables, net of estimated uncollectibles. The taxes collected during the fiscal year 2014-15 and expected to be collected in the subsequent sixty (60) days are recognized as revenues in the fiscal year ended June 30, 2015.

Property taxes for 2015 are recorded (estimated at \$9,681,393) as receivables, since the enforceable legal claim to the asset (2015 taxes) is effective as of January 1, 2015 (lien date) in accordance with the "Codification of Governmental Accounting and Financial Reporting Standards – Section No. 50.114."

NOTE 5 – CAPITAL ASSETS:

Fixed assets are stated at cost. Below is a summary of changes in Capital Fixed Assets and Accumulated Depreciation used in Governmental Activities:

NOTE 5 – CAPITAL ASSETS (Continued):

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:	
General Government	\$ 223,452
Police	254,406
Fire	163,297
Recreation	258,801
Public works/streets	723,724
Solid waste	120,557
Education	1,096,206
Service center	 141,743
Total depreciation expense – governmental activities	\$ 2,982,186
Business – type activities:	
Water and sewer	\$ 2,425,742
Electric	2,463,035
Landfill	702,856
Stormwater	 75,394
Total depreciation expense – business-type activities	\$ 5,667,027

The City uses the straight-line depreciation method for property, plant and equipment based on the following estimated useful lives by major class of depreciable fixed assets:

Class	
Building and Improvements	40-50 years
Machinery and equipment	4-10 years
Water and sewer systems	50 years
Infrastructure	20-50 years

NOTE 6 – LONG-TERM LIABILITIES:

In the Electric Utility Fund, there are certain limitations and restrictions on annual debt service requirements, maintenance of and flow of monies through various restricted accounts, and minimum amounts to be maintained in various sinking funds.

NOTE 7 – RETIREMENT COMMITMENTS:

(A) EMPLOYEES' RETIREMENT SYSTEM OF THE CITY OF ALCOA:

Effective Date:

The retirement system was restated in its entirety effective July 1, 1989. The original effective date was January 1, 1955.

Eligibility:

All full-time employees of the City employed at least 30 hours per week, except school personnel eligible for membership in the Tennessee Teachers' Retirement System, shall become members of the system on the first day of the calendar month coincident with or next following the date of employment. The City Manager may, by affirmative written election, choose to be a member of the system. Certain department heads may elect not to become members of the system. Each employee shall be classified as a general employee, fireman, policeman or lineman.

Employees hired on or after May 18, 2000 shall not be eligible to participate in the system.

Credited Service:

Credited service shall mean the period of a member's continuous service since his last date of employment with the City; authorized leaves of absence do not interrupt continuous service, but no credit is given for the period of absence except for certain periods of military service. Prior periods of employment may be credited subject to certain conditions. Credited service does not include employment beyond age 65 for members classified as fireman, policemen or linemen.

Compensation of a Member:

For system purposes, compensation shall mean the total cash compensation paid to a member by the City.

Normal Retirement:

<u>Condition</u> – The normal retirement date is the last day of the calendar month during which the member's 55th birthday occurs and the member completes 25 years of credited service, but not beyond the later of age 65 and the date the member completes 5 years of credited service.

<u>Benefit</u> – The normal retirement benefit, commencing on the last day of the third calendar month following the member's normal retirement date and payable monthly for life, is equal to $1/12^{th}$ of the total of (i) and (ii) as follows:

- (i) 1.4% of average earnings multiplied by total years of credited service.
- (ii) .316% of average earnings in excess of covered compensation multiplied by the total years of credited service not in excess of 35 years

NOTE 7 – RETIREMENT COMMITMENTS (Continued:

(A) EMPLOYEES' RETIREMENT SYSTEM OF THE CITY OF ALCOA (Continued):

Benefit – (Continued)

"Average earnings" is the average annual earnings of a member for the five consecutive years of credited service which produce the highest average.

"Covered compensation" is the average (without indexing) of the contribution and benefit based in effect under Section 230 of the Social Security Act for each calendar year in the 35 year period ending with the last day of the calendar year in which the member attains (or will attain) his Social Security retirement age.

Upon retirement, the member shall receive a severance allowance in the amount of his regular rate of compensation, excluding overtime and other special forms of pay, for three (3) months after the date of his termination of employment.

If a member's normal retirement benefit payments are to commence before age 62, then the member will receive a temporary supplemental retirement benefit in addition to his normal retirement benefit described above. This benefit will be a monthly benefit in the normal form, with payments commencing at the same time as the normal retirement benefit and ceasing on the last day of the month immediately preceding the earlier of the member's date of death and age 62. The amount of the member's supplemental retirement benefit shall be equal to the member's projected primary annual retirement benefit under the Social Security Act to which the member would be entitled upon attainment of age 62, based on the assumption that his compensation for purposes of the Social Security Act would be at the same rate until such date as the annual rate he was receiving from the City at the determination date and that the Social Security Act remains unchanged after the determination date.

If a member retires under the normal retirement provisions of the system before July 1, 1999 and prior to attaining age 65, then the member will receive an additional temporary supplemental retirement benefit in addition to the benefits described above. This benefit will be a monthly benefit in the normal form, with payments commencing at the same time as the normal retirement benefit and ceasing on the last day of the month immediately preceding the earlier of the member's date of death and age 65. The amount of this benefit shall be \$150 per month.

"Social Security retirement age" shall mean age 65 in the case of a member born before January 1, 1938, age 66 for a member born after December 31, 1937, but before January 1, 1955, and age 67 for a member born after December 31, 1954.

Employees Covered by Benefit Terms:

At the measurement date of June 30, 2014, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits

62
Inactive employees entitled to but not yet receiving benefits

188
250

NOTE 7 – RETIREMENT COMMITMENTS (Continued:

(A) EMPLOYEES' RETIREMENT SYSTEM OF THE CITY OF ALCOA (Continued):

Early Retirement:

<u>Condition</u> – If the employment of a member is terminated after his normal retirement date, he is eligible for a delayed retirement benefit.

<u>Benefit</u> – The benefit, commencing on the last day of the third calendar month following the member's actual date of retirement, is computed in the same manner as the normal retirement benefit described above, with the computation being made as of the member's actual retirement date.

Upon retirement, the member shall receive a severance allowance in the amount of his regular rate of compensation, excluding overtime and other special forms of pay, for three (3) months after the date of his termination of employment.

If a member's delayed retirement benefit payments are to commence before age 62, then the member will receive a temporary supplemental retirement benefit in addition to his delayed retirement benefit described above. This benefit shall be a monthly benefit in the normal form. The terms and amount of the member's supplemental retirement benefit shall be the same as the supplemental retirement benefit described for normal retirement, with the computation of the amount being made as of the member's date of termination of service using the member's rate of annual compensation at his date of termination for purposes of determining his projected primary insurance amount.

Delayed Retirement:

<u>Condition</u> – If the employment of a member is terminated after his normal retirement date, he is eligible for a delayed retirement benefit.

<u>Benefit</u> – The benefit, commencing on the last day of the third calendar month following the member's actual date of retirement, is computed in the same manner as the normal retirement benefit described above, with the computation being made as of the member's actual retirement date.

Upon retirement, the member shall receive a severance allowance in the amount of his regular rate of compensation, excluding overtime and other special forms of pay, for three (3) months after the date of his termination of employment.

If a member's delayed retirement benefit payments are to commence before age 62, then the member will receive a temporary supplemental retirement benefit in addition to his delayed retirement benefit described above. This benefit shall be a monthly benefit in the normal form. The terms and amount of the member's supplemental retirement benefit shall be the same as the supplemental retirement benefit described for normal retirement, with the computation of the amount being made as of the member's date of termination of service using the member's rate of annual compensation at his date of termination for purposes of determining his projected primary insurance amount.

NOTE 7 – RETIREMENT COMMITMENTS (Continued:

(A) EMPLOYEES' RETIREMENT SYSTEM OF THE CITY OF ALCOA (Continued):

Disability Retirement:

<u>Condition</u> – In the event a member becomes totally and permanently disabled, as determined by the Board, after completion of 5 years of credited service, and remains so disabled until the benefit commencement date described below, he will be entitled to a disability retirement benefit.

<u>Benefit</u> – The disability retirement benefit will commence on the last day of the calendar month after all the member's sick leave, salary continuation or vacation benefits of whatever kind provided to him by the City are exhausted, but not before the last day of the later of:

- (i) The sixth calendar month following the member's date of disablement as determined by the Board, and
- (ii) The calendar month coincident with or immediately following age 65.

The benefit is computed in the same manner as the normal retirement benefit described above, except that such computation shall be based on the member's average earnings as of the date he became disabled and shall include credit for credited service for the period of time after disability occurs and prior to the disability retirement benefit commencement date.

Death Before Retirement:

<u>Condition</u> – In the event of the death of a member after becoming eligible for vested, early, normal or delayed retirement benefits, but before benefits commence, a monthly survivorship benefit shall be payable to the member's surviving spouse.

Benefit – The monthly survivorship benefit, payable on the last day of the calendar month following the later of the member's death and his earliest retirement age, and continuing for the lifetime of the surviving spouse, is determined as 50% of the member's vested accrued benefit at the time of his death.

If there is no surviving spouse, the monthly benefit is payable for five years to the member's designated beneficiary.

Termination of Employment After 5 Years of Service:

If a participant terminates employment after completion of 5 or more years of service, he is entitled to a deferred vested benefit to commence as his normal retirement date. The amount of the benefit is computed in the same manner as the deferred benefit for early retirement described above, with the computation being made as of his date of termination, and is multiplied by the vesting percentage in the following table:

Years of	Vesting
<u>Service</u>	<u>Percentage</u>
	_
Less than 5	0%
5	100%

NOTE 7 – RETIREMENT COMMITMENTS (Continued:

(A) EMPLOYEES' RETIREMENT SYSTEM OF THE CITY OF ALCOA (Continued):

Other Termination of Employment:

If employment is otherwise terminated before retirement, no benefits are provided under the system.

Optional Methods of Benefit Payment:

Subject to the applicable system conditions, a member may select an optional method of benefit payment, in lieu of the prescribed straight life income, which is actuarially equivalent. The purpose of the optional method is to permit the guarantee of retirement income payments for a minimum period of time or to provide a continued life income to a surviving beneficiary after the death of the member. Optional methods of benefit payment are as follows:

- Life income, 60 payments guaranteed
- Life income, 120 payments guaranteed
- Life income, 180 payments guaranteed
- Joint and 50% survivor
- Joint and 75% survivor
- Joint and 100% survivor

Employer Contributions:

The City contributes actuarially determined amounts to finance the system benefits; no contributions are required by members of the system.

Investment of Funds:

The funds of the retirement system are invested in a trust fund custodied by First Tennessee Bank. The investments are managed by Martin & Company.

NOTE 7 – RETIREMENT COMMITMENTS (Continued:

(B) <u>TENNESSEE CONSOLIDATED RETIREMENT SYSTEM:</u>

Plan Description:

Employees of the City of Alcoa are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title I, Chapters 34-37. TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided:

Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLA's) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one-percent COLA is granted if the CPI is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Employees Covered by Benefit Terms:

At the measurement date of June 30, 2014, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	4/
Inactive employees entitled to but not yet receiving benefits	107
Active employees	<u>253</u>
	<u>407</u>

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(B) <u>TENNESSEE CONSOLIDATED RETIREMENT SYSTEM (Continued)</u>:

Contributions:

Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary. The City makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2015, employer contributions for the City were \$109,330 based on a rate of 16.24% of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept the City's state share revenue if required employer contributions are not remitted. The employer's actuarially determined contribution (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as amortized portion of any unfunded liability.

Net Pension Liability (Asset)

The City's net pension liability (asset) was measured as of June 30, 2014, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The total pension liability as of June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases Graded salary ranges from 8.97 to 3.71

percent based on age, including inflation, averaging 4.25 percent

Investment rate of return 7.5 percent, net of pension plan

investment expenses, including

inflation

Cost-of-Living Adjustment 2.5 percent

Mortality rates were based on actual experience from the June 30, 2012 actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2014 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(B) <u>TENNESSEE CONSOLIDATED RETIREMENT SYSTEM (Continued)</u>:

Net Pension Liability (Asset) (Continued)

Actuarial assumptions (Continued):

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Long-Term	T
	Expected Real	Target
	Rate of Return	<u>Allocation</u>
Asset Class		
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate:

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the City will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate:

The following presents the net pension liability (asset) of the City calculated using the discount rate of 7.5 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	Current		
	1% Decrease <u>(6.5%)</u>	Discount Rate (7.5%)	1% Increase (8.5%)
The City's net pension liability (asset)	\$ 6,236,222	\$1,450,746	\$(2,498,365)

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension expense:

For the year ended June 30, 2015, The City recognized pension expense of \$770,640.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(B) TENNESSEE CONSOLIDATED RETIREMENT SYSTEM (Continued):

Deferred outflows of resources and deferred inflows of resources:

For the year ended June 30, 2015, The City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of Resources
Differences between expected and actual experience Net difference between projected and actual earnings on pension	\$ -	\$ 20,611
plan investments	-	1,818,331
Contributions subsequent to the measurement date of June 30, 2014	1,803,941	
Total	<u>\$ 1,803,941</u>	\$ 1,838,942

The amount shown above for "Contributions subsequent to the measurement date of June 30, 2014," will be recognized as a reduction to net pension liability in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2016	\$ (457,159)
2017	(457,159)
2018	(457,159)
2019	(457,159)
2020	(2,576)
Thereafter	(7,728)

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(C) <u>ALCOA CITY SCHOOLS – TEACHER LEGACY PENSION PLAN OF TCRS</u>

Plan Description

Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of Alcoa City Schools are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Education Agencies (LEAs) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided

Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 55 and vested. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions

Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Alcoa City Schools for the year ended June 30, 2015 to the Teacher Legacy Pension Plan were \$789,609 which is 9.04 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(C) ALCOA CITY SCHOOLS – TEACHER LEGACY PENSION PLAN OF TCRS (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities

Since the measurement date is June 30, 2014, which is prior to the July 1, 2014 inception of the Teacher Retirement Plan, there is not a net pension liability to report at June 30, 2015.

Pension Income

Since the measurement. Date is June 30, 2014, Alcoa City Schools did not recognize a pension expense at June 30, 2015.

Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2015, Alcoa City Schools reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflow of Resources	
Differences between expected and actual experience	\$	87,495	\$	-
Net difference between projected and actual earnings on pension plan investments		-		2,969,432
Changes in proportion of Net Pension Liability (Asset)		41,326		-
LEA's contributions subsequent to the measurement date of June 30, 2014		789,609		<u>-</u>
TOTAL	\$	918,430	\$	2,969,432

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(C) ALCOA CITY SCHOOLS – TEACHER LEGACY PENSION PLAN OF TCRS (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Alcoa City Schools employer contributions of \$918,430, reported as pension related deferred outflows of resources, subsequent to the measurement date will be recognized as an increase in net pension asset in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2016	\$ (720,888)
2017	(720,888)
2018	(720,888)
2019	(720,888)
2020	21,470
Thereafter	21,470

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions

The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost-of-Living Adjustment	2.5 percent

Mortality rates were based on actual experience from the June 30, 2012 actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2014 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(C) <u>ALCOA CITY SCHOOLS – TEACHER LEGACY PENSION PLAN OF TCRS (Continued)</u>

Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Long-Term	
	Expected Real	Target
	Rate of Return	Allocation
Asset Class		
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate:

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the District will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(C) ALCOA CITY SCHOOLS – TEACHER LEGACY PENSION PLAN OF TCRS (Continued)

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents Alcoa City Schools' proportionate share of the net pension liability (asset) of the calculated using the discount rate of 7.5 percent, as well as what the Schools' proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	Current				
	1% Decrease (6.5%)	Discount Rate (7.5%)	1% Increase (8.5%)		
Alcoa City Schools' proportionate share of the	4. 5.0 7 0.40 2	d (0.5.0.40)			
net pension liability (asset)	\$ 6,078,483	\$ (36,040)	\$(5,098,201)		

(D) <u>ALCOA CITY SCHOOLS – TEACHER'S RETIREMENT PLAN OF TCRS</u>:

Plan Description

Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of Alcoa City Schools are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Education Agencies (LEAs) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided

Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Members are entitled to receive unreduced service retirement benefits, which are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(D) ALCOA CITY SCHOOLS – TEACHER'S RETIREMENT PLAN OF TCRS (Continued):

Benefits Provided (Continued)

related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLA, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions

Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except for in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Alcoa City Schools for the year ended June 30, 2015 to the Teacher Retirement Plan were \$3,019 which is 4 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities

Since the measurement date is June 30, 2014, which is prior to the July 1, 2014 inception of the Teacher Retirement Plan, there is not a net pension liability to report at June 30, 2015.

Pension Expense

Since the measurement date is June 30, 2014, Alcoa City Schools' did not recognize a pension expense at June 30, 2015.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(D) ALCOA CITY SCHOOLS – TEACHER'S RETIREMENT PLAN OF TCRS (Continued):

Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2015, Alcoa City Schools reported deferred outflows of resources to pensions from the following sources:

	ed Outflows esources	Deferred Inflows of Resources	
Alcoa City Schools' contributions subsequent to the measurement date of June 30, 2014	\$ 3,019	\$	-
Net difference between projected and actual earnings on pension plan investments	-		2,969,432

Alcoa City Schools' employer contributions of \$3,019 reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as a reduction in net pension liability in the year ended June 30, 2016.

(E) DEFERRED COMPENSATION PLAN:

The City of Alcoa, Tennessee offers its employees a deferred compensation plan known as the City of Alcoa Thrift Plan. The Plan, available to all city employees, permits them to defer a portion of their salary until future years. Contributions to the plan are optional. The deferred compensation is not available to employees until termination, retirement, or death. Investments in the plan are managed by SEI Private Trust Company through Wachovia Bank as sub-custodian.

The City of Alcoa Thrift Plan qualifies under Internal Revenue Section 457(g). The assets of the deferred compensation plan are held in trust (not available to the creditors of the City) and the City does not act as a fiduciary or administrator of the trust. The Plan administrator provides an annual valuation report to the City. The Plan assets totaled \$18,490,734 and \$17,962,748 as of June 30, 2015 and 2014, respectively.

The following is a summary of activity in the Plan for the year:

Asset balance at June 30, 2015	\$ 18,490,734
Withdrawals	 (1,077,067)
Investment appreciation/depreciation	573,080
Deferrals of compensation	1,031,973
Asset balance at July 1, 2014	\$ 17,962,748

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(F) OTHER POST-EMPLOYMENT BENEFITS:

In addition to the pension benefits described above, the City of Alcoa provides post-retirement health care benefits to all employees who retire from the City. Currently 39 City retirees and 25 Education retirees meet the eligibility requirements.

CITY OF ALCOA - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS:

Background

On July 1, 2008, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pension. This standard addresses how local governments should account for and report their costs related to post-employment health care and other non-pension benefits, such as the City's retiree health benefits. Historically, the City's post retirement benefits were funded on a pay-as-you-go basis, but GASB 45 requires that the City accrue the cost of the retiree health subsidy and any other post-employment benefits during the period of the employees' active employment, while the benefits are being earned, and disclose the unfunded actuarial accrued liability in order to accurately account for the total future cost of post-employment benefits and the financial impact on the City. The funding methodology mirrors the funding approach used for pension benefits.

Plan Description

The City established a policy that provides medical insurance benefits to eligible retirees and their spouses. In order to participate, retirees must have reached the age of 55 or be on disability retirement and must have health benefit coverage in the self-insured plan provided by the City. The retiree can remain on the City plan from age 55 through age 65 by paying half of the coverage premium to the City.

At July 1, 2014 the date of the actuarial valuation, membership included:

	Primary Government
Retirees and beneficiaries receiving benefits	30
Terminated employees entitled to, but not yet	
receiving benefits	0
Active employees	272

Funding Policy

GASB Statement No. 45 requires recognition of the current expense of OPEB based on the City's annual required contribution, but does not require the funding of the related liability. The City has established an internal service fund where assets are set aside for payment of OPEB.

The City's annual OPEB cost (expense) is calculated based on the annual required contribution of the City (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize and unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(F) <u>OTHER POST-EMPLOYMENT BENEFITS (Continued)</u>:

CITY OF ALCOA – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS:

ANNUAL OPEB COST AND NET OPEB OBLIGATION

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB asset is as follows for June 30:

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Annual required contribution (ARC) for June 30			
Normal Cost	\$ 149,775	\$ 149,775	\$ 147,947
Interest on Net OPEB Obligation	7,272	7,272	6,781
Amortization of unfunded accrued liability	217,446	217,446	194,462
Annual OPEB Costs	374,493	374,493	349,190
Annual employer contributions	(95,593)	(391,998)	(93,075)
Percentage of annual postemployment benefit			
cost contributed	25.52%	104.68%	26.65%
Increase (decrease) in net OPEB obligation	278,900	(17,505)	256,115
Net OPEB obligation – beginning of year	158,353	175,858	(80,257)
Net OPEB obligation – end of year	<u>\$ 437,253</u>	\$ 158,353	<u>\$ 175,858</u>

Actuarial valuations of an ongoing plan involve estimates of the value of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employers are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

For the year ended June, 2015 (based on an actuarial as of July 1, 2014), the City's OPEB funding progress is as follows:

							UAAL
			Actuarial	Unfunded			(Funding Excess
Actuarial	Ac	tuarial	Accrued	AAL(UAAL)			as a Percentage
Valuation	Va	lue of	Liability	(Funding	Funded	Covered	of Covered

7/01/14	\$	-	5,655,719	5,655,719	0%	13,076,017	43.3%
7/01/15	\$	-	5,655,719	5,655,719	0%	13,076,017	43.3%

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(F) <u>OTHER POST-EMPLOYMENT BENEFITS (Continued)</u>:

CITY OF ALCOA - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued):

ANNUAL OPEB COST AND NET OPEB OBLIGATION (Continued):

* Information for the 2010-2011 fiscal years is based on results from an actuarial valuation that was performed as of July 1, 2010, information for the 2012 and 2013 fiscal years is based on an actuarial valuation as of July 1, 2012, and information for the 2014 and 2015 fiscal years is based on an actuarial valuation as of July 1, 2014.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of evaluation. The actuarial method and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

ACTUARIAL METHOD AND ASSUMPTION

The ARC for fiscal year ended June 30, 2015 was determined as part of the July 1, 2012, actuarial valuation using the entry age normal method – a method under which the Actuarial Present Value of the Projected Benefits is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit ages.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(G) <u>ALCOA CITY SCHOOLS – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS</u> (OPEB)

Background

On July 1, 2008, the Alcoa Schools adopted the provisions of Governmental Accounting Standards Board Statement No. 45, Accounting and Financial Reporting by Employers for Post-employment Benefits Other than Pension. This standard addresses how local governments should account for and report their costs related to post-employment health care and other non-pension benefits, such as the School's retiree health benefit subsidy. Historically, the School's subsidy was funded on a pay-as-you-go basis, but GASB 45 requires that the Schools accrue the cost of the retiree health subsidy and any other post-employment benefits during the period of the employees' active employment, while the benefits are being earned, and disclose the unfunded actuarial accrued liability in order to accurately account for the total future cost of post-employment benefits and the financial impact on the Schools. The funding methodology mirrors the funding approach used for pension benefits.

Plan Description

The Schools maintain a policy that provides medical insurance benefits to eligible retirees and their spouses. In order to participate, retirees must have reached the age of 55 or be on disability retirement and must have health benefit coverage in the self-insured plan provided by the Schools.

Funding Policy

At July 1, 2014 the date of the actuarial valuation, membership included:

	Alcoa City Schools
Retirees and beneficiaries receiving benefits	28
Terminated employees entitled to, but not yet	
receiving benefits	0
Active employees	171

GASB Statement No. 45 requires recognition of the current expense of OPEB based on the School's annual required contribution, but does not require the funding of the related liability.

The School's annual OPEB cost (expense) is calculated based on the annual required contribution of the School (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize and unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(G) <u>ALCOA CITY SCHOOLS – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS</u> (OPEB) (Continued)

ANNUAL OPEB COST AND NET OPEB OBLIGATION

The School's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB asset is as follows for June 30:

	<u>2015</u>			<u>2014</u>		<u>2013</u>	
Annual required contribution (ARC) for June 30, 2015	\$	223,969 10,097 (10,144) 223,922 (68,500)	\$	223,969 10,097 (10,144) 223,922 (128,525)	\$	182,546 2,239 (2,249) 182,536 (68,500)	
Percentage of annual postemployment Benefit cost contributed	<u>\$</u>	30.6% 155,422 347,820 503,242	<u>\$</u>	57.4% 95,397 252,423 347,820	<u>\$</u>	37.53% 114,036 138,387 252,423	

Actuarial valuations of an ongoing plan involve estimates of the value of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employers are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

For the year ended June, 2015, the School's OPEB funding progress is as follows:

							UAAL

NOTE 7 – RETIREMENT COMMITMENTS (Continued):

(G) <u>ALCOA CITY SCHOOLS – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS</u> (OPEB) (Continued)

ANNUAL OPEB COST AND NET OPEB OBLIGATION (Continued)

* Information for the 2009 fiscal year is based on results from an actuarial valuation that was performed as of July 1, 2010 and information for the 2010-2011 fiscal years is based on an actuarial performed as of July 1, 2010. Information for the 2012 and 2013 fiscal years is based on an actuarial valuation performed as of July 1, 2012. Information for the 2014 and 2015 fiscal years is based on an actuarial valuation performed as of July 1, 2014.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of evaluation. The actuarial method and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Actuarial Method and Assumption

The ARC for fiscal year ended June 30, 2015 was determined as part of the July 1, 2012 actuarial valuation using the entry age normal method – a method under which the Actuarial Present Value of the Projected Benefits is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit ages.

Significant assumptions used in the actuarial valuation include:

Investment Return Rate	4% 10% graded down to 6% over 8 years, and 6%
	thereafter
Inflation Assumption	3%
Ultimate Trend Rate	5%
Actuarial Cost Method	Entry Age Normal
Annual Payroll Growth Rate	3.00%
Remaining amortization period	
at June 30, 2015	27 years

The actuarial value of the OPEB assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. Any excess of these assets over actuarial accrued liability is amortized as a level percentage of projected payroll over an open 30 year period. The remaining amortization period is thirty years.

NOTE 8 – EMPLOYEE HEALTH INSURANCE, INTERNAL SERVICE FUND:

The City of Alcoa, Tennessee has chosen to establish the Employees' Insurance Trust Fund for risks associated with the employee's health insurance plan. The Employees Insurance Trust is accounted for as an internal service fund where assets are set aside for claim settlements. The City retains the risk of loss to a limit of \$60,000 per specific loss. The City has obtained a stop/loss commercial insurance policy to cover claims beyond the \$60,000 per specific loss. The maximum liability approximates \$29.6 million for the year (based on 493 employees at a maximum of \$60,000 per employee).

All full-time employees of the primary government are eligible to participate. A premium charge is allocated to each fund that accounts for full-time employees. This premium charge is based on actuarial estimates of the amounts needed to pay prior and current-year claims and to establish a reserve for catastrophe losses. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The Employees' Insurance Trust Fund establishes claims liabilities based on estimates of the ultimate cost of claims that have been incurred but not reported. The process used to compute claims liabilities does not necessarily result in an exact amount.

Changes in the balance of claims liabilities during the past three fiscal years are as follows:

						Liability
	Begi	nning of			I	Balance at
Year Ended	Fisc	cal Year	C	urrent Year		Fiscal
<u>June 30,</u>	<u>Li</u>	<u>ability</u>		<u>Claims</u>		Year End
2013	\$	153,647	\$	3,613,331	\$	241,663
2014	4	241,663		3,311,882		306,223
2015		306,223		3,368,049		466,736

The City of Alcoa carries commercial insurance for all other risks of loss, including general liability, property and casualty, workers' compensation and environmental. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9 - CONTRACTS WITH THE TENNESSEE VALLEY AUTHORITY (TVA):

The Electric Utility has a power contract with TVA whereby the Utility purchases all its electric power from TVA subject to certain restrictions and conditions. The restrictions and conditions include prohibitions against diverting Utility assets to other operations of the Municipality, securing indebtedness of other operations, or paying more than the Utility's equitable share of tax equivalents.

The Utility participates in TVA's Home Energy Conservation Program. TVA advances the funds from which the Utility disburses for approved customer home insulation and heat pumps. In event of customer default, the Utility does not have loss exposure.

NOTE 10 – JOINT VENTURES:

In order to pool resources and share the costs, risks and rewards of providing services for the benefit of the general public, the City of Alcoa, Tennessee, participates (has an ongoing financial interest and financial responsibility) in the following joint ventures:

(A) <u>INDUSTRIAL DEVELOPMENT BOARD OF BLOUNT COUNTY AND THE CITIES OF ALCOA AND MARYVILLE. TENNESSEE</u>

The Industrial Development Board of Blount County and the Cities of Alcoa and Maryville, Tennessee was organized pursuant to a resolution of the Blount County Quarterly Court in a special called session on September 30, 1969. A certificate of incorporation was received from the Secretary of State of the State of Tennessee dated October 1, 1969. The Industrial Development Board is governed by seven (7) directors. The purpose of the Industrial Development Board is to promote industrial development, provide additional job opportunities in Blount County, Tennessee and surrounding areas, and to exercise the authority and pursue the objectives of an industrial development corporation as provided for in Title 7, Chapter 53, of the Tennessee Code Annotated.

For the fiscal year ended June 30, 2015, the City of Alcoa contributed \$570,727 to the Industrial Development Board of Blount County.

Summary financial information, as required by accounting principles generally accepted in the United States of America, for the fiscal year ended June 30, 2014 is presented below:

Industrial Development Board of Blount County and the Cities of Alcoa and Maryville, Tennessee (Summary)

Revenues Expenditures Excess (deficit) of Expenditures Over Revenues	\$ 5,056,511 (5,474,112) (417,601)
Net Position – July 1, 2013	46,664,586
Net Position – June 30, 2014	\$ 46,246,985
Total Assets	\$ 74,728,232 \$ 28,481,247 \$ 46,246,985

The Industrial Development Board of Blount County and the Cities of Alcoa and Maryville, Tennessee issues a publicly available report. A copy may be obtained by writing to Industrial Development Board of Blount County and the Cities of Alcoa and Maryville, Tennessee, 201 S. Washington Street, Maryville, Tennessee 37804.

(B) BLOUNT COUNTY PUBLIC LIBRARY:

The Blount County Public Library (a special revenue fund of Blount County, Tennessee) is funded jointly by Blount County, the City of Maryville, Tennessee, and the City of Alcoa, Tennessee, pursuant to an agreement entered into on effective date January 1, 1969, and continuing until any party shall furnish a six (6) months written notice to terminate its participation. Effective July 1, 1989, Blount County, Tennessee became the fiscal agent for the Library, a component unit of Blount County, Tennessee. Financial statements for the Blount County Public Library can be obtained by writing to Blount County Courthouse, 341 Court Street, Maryville, TN 37801.

NOTE 10 – JOINT VENTURES (Continued):

(B) <u>BLOUNT COUNTY PUBLIC LIBRARY (Continued)</u>:

The Blount County Public Library (a special revenue fund of Blount County, Tennessee) is funded jointly by Blount County, the City of Maryville, Tennessee, and the City of Alcoa, Tennessee, pursuant to an agreement entered into on effective date January 1, 1969, and continuing until any party shall furnish a six (6) months written notice to terminate its participation. Effective July 1, 1989, Blount County, Tennessee became the fiscal agent for the Library, a component unit of Blount County, Tennessee. Financial statements for the Blount County Public Library can be obtained by writing to Blount County Courthouse, 341 Court Street, Maryville, TN 37801.

For the fiscal year ended June 30, 2015, the City of Alcoa contributed \$184,595 to the Library. A summary of the Library's financial information as required by accounting principles generally accepted in the United States of America for the fiscal year ended June 30, 2015, is presented below:

Revenues	\$ 1,105,881
Other Sources – Operating Transfers	899,520
Expenditures	(2,387,106)

Total Liabilities	<u>\$ 35,659</u>
Total Fund Balance	<u>\$ 829,748</u>

(C) <u>EMERGENCY COMMUNICATIONS DISTRICT OF BLOUNT COUNTY, TENNESSEE</u> (formerly Blount County Communications Center):

Pursuant to agreement dated August 28, 1984, between Blount County, Tennessee, the City of Maryville, Tennessee, and the City of Alcoa, Tennessee, a Communications Center was established for the purpose of handling emergency calls for all three governmental units. The intergovernmental cooperative was known as the Blount County Communications Center, which has now merged with the Blount County Emergency Communications District, a component unit of Blount County, Tennessee. The City's Board is composed of nine directors, whom are appointed by the Blount County Board of County Commissioners. The City of Alcoa has control over budget and financing of the joint venture only to the extent of representation by the committee members and is responsible for funding 25% of operations. The City of Alcoa contributed \$151,064 to the City during the fiscal year ended June 30, 2015. Summary financial information as required by accounting principles generally accepted in the United States of America for the fiscal year ended June 30, 2015, is presented at the top of the next page:

NOTE 11 – JOINT VENTURES (Continued):

The Emergency Communications District of Blount County issues a publicly available financial report. The financial statements can be obtained by writing the Emergency Communications District of Blount County at P. O. Box 4609, Maryville, TN 37802.

(D) <u>BLOUNT COUNTY CABLE TELEVISION AUTHORITY</u>:

Blount County, the City of Maryville, and the City of Alcoa jointly regulate the operation of cable television through the Blount County Cable Television Authority. The Authority is composed of nine members, three of whom are appointed by the City of Alcoa Commission. The remaining six members are appointed by the County and the City of Maryville. The City of Alcoa has control over budget and financing of the joint venture only to the extent of representation by the three board members appointed. The Authority funds its budget through the collection of cable television franchise fees from companies under its jurisdiction. After payment of the Authority's expenses, the residual of those collections is remitted to the county and the two cities based on point of collection.

Alcoa's share for the year ended June 30, 2015, amounted to \$90,233. Summary financial information required by accounting principles generally accepted in the United States of America for the fiscal year ended June 30, 2015, is presented below:

Revenues	\$ 1,002,295 (26,521)
Fee Distributions	975,774 (975,757)
Excess (Deficiency) of Revenues Over Expenditures	17
Fund Balance – July 1, 2014	18,442
Fund Balance – June 30, 2015	<u>\$ 18,459</u>
Total Assets	\$ 253,990
Total Liabilities	<u>\$ 235,531</u>
Total Fund Balance	\$ 18,459

NOTE 10 – JOINT VENTURES (Continued):

(D) BLOUNT COUNTY CABLE TELEVISION AUTHORITY (Continued)

No joint venture debt was reported on the financial statements of the Cable Television Authority as of June 30, 2015. Publically available financial statements can be obtained by writing to the Blount County Cable Television Authority, P. O. Box 4338, Maryville, TN 37802.

(E) <u>RECREATION AND PARKS COMMISSION</u>:

Blount County, the City of Maryville, and the City of Alcoa jointly operate a recreation and parks system through a joint Recreation and Parks Commission. The Commission is composed of seven members, two of whom are appointed by the City of Alcoa Commission. Two members each are appointed by the County and the City of Maryville and one member is appointed by the joint commission. The City of Alcoa has control over budget and financing of the Commission only to the extent of representation by the two board members appointed. Contributions toward operations are provided annually by the county and the cities based on a per capita cost sharing formula. The City of Alcoa contributed \$483,210 to the operations of the Commission during the fiscal year ended June 30, 2015, and expended an additional \$70,177 for recreation and parks improvements. For the year ended June 30, 2014, the City contributed \$462,150 for Commission operations and \$32,479 for park improvements.

Summary financial information required by accounting principles generally accepted in the United States of America for the fiscal year ended June 30, 2014, is presented below.

Revenues	\$	2,702,279
Expenditures	_	(2,659,362)

NOTE 10 – JOINT VENTURES (Continued):

(E) RECREATION AND PARKS COMMISSION (Continued)

Bonds issued by Blount County, Tennessee on behalf of the Recreation and Parks Commission for the construction of a new Senior Citizen Center totaled \$1,325,000. The City of Alcoa's share (10%) is as follows:

Year Ending June 30,	<u>P</u>	<u> Principal</u>	<u>I</u>	nterest	<u>Total</u>
2016 2017 2018	\$	11,000 11,500 12,000	\$	1,725 1,175 600	\$ 12,725 12,675 12,600
Total	\$	34,500	\$	3,500	\$ 38,000

JOINT DEVELOPMENT OF INDUSTRIAL PARKS:

(F) PARTNERSHIP PARK NORTH – PARTNERSHIP PARK SOUTH:

Pursuant to an Intergovernmental Agreement dated December 16, 1997, between the City of Maryville, Tennessee, the City of Alcoa, Tennessee, Blount County, Tennessee, and the Industrial Development Board of Blount County, Tennessee, the two (2) cities and Blount County agreed to provide financial assistance to the Industrial Development Board and Blount County, Tennessee in connection with the purchase of certain property and the development and operation of such property as two (2) industrial parks. Such financial assistance is to be provided as follows: Blount County – forty percent (40%); City of Maryville – thirty percent (30%); and City of Alcoa – thirty percent (30%).

Bonds issued by the Industrial Board and Blount County, Tennessee for the projects total \$7,915,000. The City of Alcoa's share is as follows:

Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	Total	
2015	\$ 81,000	\$ 5,000	\$ 86,000	

Under the terms of the Agreement, a Joint Operating Committee, composed of one (1) representative from each of the parties to the agreement, shall have overall control of the two (2) industrial parks – the Partnership Park South (Herron property) and the Partnership Park North (Burkhart property). Such overall control shall include the right to approve all sales of the property in the Industrial Parks; approve all budgets related to the operation of the Industrial Parks; approve all capital improvements to the Industrial Parks; and approve all design guidelines, restrictive covenants, and management policies regarding the Industrial Parks.

NOTE 10 – JOINT VENTURES (Continued):

JOINT DEVELOPMENT OF INDUSTRIAL PARKS (Continued):

(F) PARTNERSHIP PARK NORTH – PARTNERSHIP PARK SOUTH (Continued):

In addition to financial assistance provided to the Industrial Development Board by the City of Maryville, the City of Alcoa, and Blount County, the Industrial Development Board is to receive the proceeds from the sale of land in the Industrial Parks together with other receipts in connection with the operation, development, and maintenance of the Industrial Parks. Also, amounts equivalent to the property taxes received with respect to any property within either of the Industrial Parks is to be contributed to the Industrial Board.

(G) THE PELLISSIPPI RESEARCH CENTRE ON THE OAK RIDGE CORRIDOR:

Pursuant to an Intergovernmental Cooperation Agreement dated May 2006, by and among the City of Maryville, Tennessee, the City of Alcoa, Tennessee, Blount County, Tennessee, Knox County, Tennessee, and the Industrial Development Board of Blount County, Tennessee, the two (2) cities and two (2) counties agreed to provide financial assistance to the Industrial Development Board in connection with the purchase of certain property and the development and operation of such property as a research and development industrial park. Such financial assistance is to be provided as follows: Blount County – twenty-five percent (25%); Knox County – twenty-five percent (25%); City of Maryville – twenty-five percent (25%); and City of Alcoa – twenty-five percent (25%).

Under the terms of the agreement, a joint operating committee, composed of one (1) representative from each of the parties to the agreement, shall have overall control of the industrial park. Such overall control shall include the right to approve all sales of property in the Industrial park; approve all budgets related to the operation of the Industrial Park; approve all capital improvements to the Industrial Park; and approve all design guidelines, restrictive covenants, and management policies regarding the Industrial Park.

In addition to financial assistance provided to the Industrial Development Board by the City of Maryville, the City of Alcoa, Blount County and Knox County, the Industrial Development Board is to receive the proceeds from the sale of land in the Industrial Park together with other receipts in connection with the operation, development, and maintenance of the Industrial Park. Also, amounts equivalent to the property taxes received with respect to any property within the Industrial Park is to be contributed to the Industrial Board if needed for operation. Otherwise, the property taxes are remitted to the two (2) cities and two (2) counties based upon the above percentages.

The City's funding pursuant to this agreement is \$5,000,000 which is complete at June 30, 2015.

An agreement between the City of Alcoa Utilities (AUB) and the City of Maryville Utilities (MUB) provides for MUB to treat wastewater from AUB. During the current year, AUB paid MUB \$2,018,333 in operating costs for the year ended June 30, 2015 (June 30, 2014 amount paid \$1,945,440).

NOTE 11 -LANDFILL OPERATIONS:

SOLID WASTE AUTHORITY:

In accordance with the Solid Waste Management Act of 1989, the Solid Waste Authority was established. The Authority's eleven members, appointed by the Blount County Executive and the Mayors of Maryville and Alcoa, are comprised of the following representatives:

City of Alcoa	2
City of Maryville	2
Blount County	3
Citizens-At-Large	2
Private Hauler	1
Industrial	1

Expenditures of the Authority for management and a solid waste plan are paid by the City of Alcoa Landfill Fund and amounted to \$87,297 and \$118,628 for the years ended June 30, 2015 and June 30, 2013, respectively.

LANDFILL CLOSURE AND POSTCLOSURE CARE:

Blount County, Tennessee and the Cities of Maryville and Alcoa are currently being served by one landfill area operated by the City of Alcoa. The existing landfill (Phase I) began operations in 1974, and was expanded in July 1986 and in April 1991. The original design and both expansions were based on a variation of an area landfill using the trench method to develop refuse filled cells.

State and Federal laws and regulations require the Landfill to place a final cover on its Phase I site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty (30) years after the closure. Although closure and postclosure care costs will be paid only near or after the date that the Landfill stops accepting waste (including Phase II in 1996 through Phase IV which will all interface with the existing Phase I Landfill), the Landfill reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$8,755,195 reported as restricted cash and landfill closure and postclosure care liability at June 30, 2015, represents the cumulative amount reported to date based on the use of twenty-eight (28%) percent of the estimated capacity of the Landfill. The amounts are based on what it would cost to perform all closure and postclosure care in 2014. The Landfill expects to close the Landfill site in 2028. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

NOTE 12 – ECONOMIC DEPENDENCY (ALUMINUM COMPANY OF AMERICA):

The Aluminum Company of America (ALCOA) provides the City of Alcoa with substantial property tax revenues, approximately 25%. Eight additional entities provide an additional 10% in property tax revenues.

NOTE 13 – REFUNDING OF DEBT/NEW DEBT:

REFUNDING:

During a prior year, the City of Alcoa issued \$87,735,000 of fixed rate Local Government Improvement Bonds to provide resources for the current refunding of ten (10) General Obligation and Revenue Bonds. The purpose of these transactions was to reduce the City's exposure to interest rate volatility in the insured bond market. As a result, the refunding bonds were redeemed, and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$701,880. This amount was netted against the new debt and amortized over the remaining life of the refunded debt. The City's financial advisors were not able to determine the cumulative savings or economic gain from the refunding transactions due to the variable rate debt instruments involved.

(A) GENERAL OBLIGATION REFUNDING BONDS – SERIES 2002:

In 2002, the City of Alcoa issued General Obligation Refunding Bonds, Series 2002 amounting to \$1,545,000. The purpose of the bonds was to reduce debt service payable by the City over the term of the bonds by taking advantage favorable conditions in the municipal bond market, thereby effecting a cost savings to the public. The Refunding Bonds were issued to refund Series 1996 Bonds General Obligation Public Works Bonds of \$5,610,000, exclusive of \$745,000 of the Series 1996 Bonds (non-refunded) maturing on April 1, 2003 (\$365,000) and April 1, 2004 (\$380,000). The 2002 Refunding Bonds (\$1,545,000) mature serially in amounts ranging from \$10,000 on April 1, 2003 to \$105,000 on April 1, 2016. Average coupon interest rate is 4.1%.

(B) WATER AND SEWER REVENUE AND TAX REFUNDING BONDS – SERIES 2002:

In 2002, the City of Alcoa issued Water and Sewer and Tax Refunding Bonds, Series 2002 amounting to \$2,865,000. The purpose of the bonds was to reduce debt service payable by the City over the term of the bonds by taking advantage of favorable conditions in the municipal bond market, thereby effecting a cost savings to the public. The Refunding Bonds were issued to refund 2 bonds: (1) Series 1996 General Obligation Public Works Bonds of \$5,610,000, exclusive of \$745,000 of the Series 1996 Bonds (non-refunded) maturing on April 1, 2003 (\$365,000) and April 1, 2004 (\$380,000) and (2) Series 1993 Water and Sewer Revenue Tax Refunding Bonds of \$2,570,000. The 2002 Refunding Bonds (\$2,865,000) mature serially in amounts ranging from \$200,000 on April 1, 2003 to \$205,000 on April 1, 2016. Average coupon interest rate is 4.18%.

(C) GENERAL OBLIGATION REFUNDING BONDS – SERIES 2014:

In 2014, the City of Alcoa issued \$9,000,000 General Obligation Refunding bonds (taxable). The refunding bonds were issued to refund Series 2006 General Obligation Public Works. The 2014 Refunding Bonds mature in annual installments of \$660,000 to \$830,000 through June 2026, variable interest rate.

(D) GENERAL OBLIGATION BONDS – SERIES 2015:

In 2015, the City of Alcoa issued \$9,995,000 General Obligation Bonds for the construction of a new high school. The bonds are due in annual installments of \$245,000 to \$545,000 through June 2045, variable interest rate.

Totals	<u>\$49,314,943</u>	<u>\$ 39,300,558</u>	<u>\$ 10,014,385</u>

(C) SPRINGBROOK CORPORATE CENTER:

In August 1993, the City foreclosed on the Springbrook Corporate Center property, under terms of a prior 1992 settlement agreement approved by the U.S. Bankruptcy Court (re: City of Alcoa vs. United Tri-Tech, Inc.). All property in the Center has been sold except for a lake and commons area, and property for joining of the Greenbelt Park with the City of Maryville.

(D) RESEARCH AND DEVELOPMENT INDUSTRIAL PARK:

Pursuant to an Intergovernmental Cooperation Agreement dated May 2006, by and among the City of Maryville, Tennessee, the City of Alcoa, Tennessee, Blount County, Tennessee, Knox County, Tennessee, and the Industrial Development Board of Blount County, Tennessee, the two (2) cities and two (2) counties agreed to provide financial assistance to the Industrial Development Board in connection with the purchase of certain property and the development and operation of such property as a research and development industrial park. Such financial assistance is to be provided as follows: Blount County – twenty-five percent (25%); Knox County – twenty-five percent (25%), City of Maryville – twenty-five percent (25%); City of Alcoa – twenty-five percent (25%).

Under the terms of the agreement, a joint operating committee, composed of one (1) representative from each of the parties to the agreement, shall have overall control of the industrial park. Such overall control shall include the right to approve all sales of property in the Industrial Park; approve all budgets related to the operation of the Industrial Park; and approve all guidelines, restrictive covenants, and management policies regarding the Industrial Park.

NOTE 15 – COMMITMENTS (Continued):

(D) RESEARCH AND DEVELOPMENT INDUSTRIAL PARK (Continued):

In addition to the financial assistance provided to the Industrial Development Board by the City of Maryville, the City of Alcoa, Blount County, and Knox County, the Industrial Development Board is to receive the proceeds from the sale of land in the Park. Also, amounts equivalent to the property taxes received with respect to any property within the Industrial Park is to be contributed to the Industrial Board if needed for operation. Otherwise, the property taxes are remitted to the two (2) cities and two (2) counties based upon an equal share of 25% each.

The City's funding pursuant to this agreement was \$5,000,000.

(E) CAPITAL LEASE – OBLIGATION:

(1) <u>Civic Arts Center</u> (Note 15-(A))

In May 2006 the City Commission adopted a resolution authorizing the execution of a lease agreement with respect to a Civic Arts Center to be constructed on the campus of Maryville College; approving the issuance of bonds by the Industrial Development Board of Blount County to finance such Civic Arts Center; consenting to the assignment of the City's obligation under the lease agreement; and such other matters with respect to the Civic Arts Center.

The City approved the Industrial Board's issuance of bonds, not to exceed \$33,685,000, for the construction of the Civic Arts Center. The resolution also authorized the City to levy and collect a direct annual tax sufficient with any other funds available and pledged to pay the rental payments due under the lease. The lease obligates the City to pay annually an amount not to exceed 28.57% of the rental payment due, which rental payments shall be an amount equal to a percentage of the principal and interest on the Bonds, approved under the resolution.

The Industrial Board entered into a fifty (50) year lease with Maryville College to lease the land on which the Civic Arts Center is to be constructed. At the end of the fifty year lease, the Civic Arts Center becomes the property of Maryville College.

Bonds in the amount of \$32,000,000 were issued by the Industrial Board on December 14, 2006.

Maryville College has committed a total of \$18,000,000 toward the debt service of the bonds. Any amounts paid will reduce the City of Alcoa's obligation under the lease. If Maryville College fulfills its commitment, the City's Lease Obligation would be reduced by \$5,142,600.

Interest Rate Risk – As the bonds bear interest at a variable rate, and the lease payments are an amount equal to the total debt service, including interest, the City has risk associated with changes in interest rates. A rate of 4.5% has been used to determine the above obligations under the lease. The City has purchased insurance to protect the bond holders in the event the City defaults on its lease obligations, including defaults as a result in changes in the interest rate.

The following presents a summary of the City's Civic Arts Center Capital Lease commitment as of June 30, 2015:

Present Value		Total
of Minimum		Minimum
Lease		Lease
Payments	<u>Interest</u>	Payments
<u>\$ 9,142,400</u>	<u>\$ 6,213,260</u>	<u>\$ 15,355,660</u>

NOTE 15 – COMMITMENTS (Continued):

(E) CAPITAL LEASE – OBLIGATIONS (Continued):

(1) <u>Civic Arts Center (Continued)</u>

The City has a 28.57% ownership interest in the Civic Center building for 50 years – the asset will then transfer to Maryville College. The City appropriately recognizes the long-term community benefit of its ownership interest as an asset in the government wide financial statements, and the corresponding long-term obligation of the lease payments. Without that long-term community benefit, the City would not have been authorized to issue long-term debt under State law. The asset rights expire after 50 years, but the financial obligation will be satisfied long before that.

Interest Rate Risk – As the bonds bear interest at a variable rate, and the lease payments are an amount equal to the total debt service, including interest, the City has risk associated with changes in interest rates. A rate of 4.5% has been used to determine the above obligations on the lease. The City has purchased insurance to protect the bond holders in the event the City defaults on its lease obligations, including defaults as a result in changes in the interest rate.

(2) <u>Communications Center Equipment</u>

On August 3, 2010, and subsequently modified on October 21, 2010, the City entered into an intergovernmental agreement with Blount County, Tennessee, and the City of Maryville, Tennessee to acquire certain emergency communications equipment. Under the terms of the agreement, Blount County, Tennessee is the Lessee of the equipment. In turn, the County subleased to the cities of Alcoa and Maryville their prorate share of the equipment. The terms of the agreement require the City to make lease payments totaling \$751,750, plus interest at 3.97%. Title to the equipment will transfer to each governmental entity based upon its share of the actual equipment acquired.

		Communication
		Equipment:
Present Value of		Total
Minimum Lease		Minimum Lease
Payments	<u>Interest</u>	Payments
\$ 485.610	\$ 69.667	\$ 555.277

These total minimum lease payments are payable as follows:

Year Ending June 30,	Civic <u>Center</u>	Communication <u>Equipment</u>
2016 2017 2018 2019 2020 Subtotal	\$ 605,100 610,650 605,525 605,175 604,375 3,030,825	\$ 92,546 92,546 92,546 92,546 92,546 462,730
2021 – 2054 2026– 2030 2031 – 2035 2036 – 2038 Subtotal	3,027,100 3,029,075 3,032,625 3,236,035 12,324,835	92,547
Total	<u>\$ 15,355,660</u>	\$ 555,277

NOTE 16 – LITIGATION:

There are several pending lawsuits in which the City is involved. Information provided by attorneys for the City indicates that potential claims against the City resulting from such litigation which are not covered by insurance would not materially affect the financial statements of the City.

NOTE 17 – RISK FINANCING ACTIVITIES:

It is the policy of the City to purchase commercial insurance for the risks of losses to which it is exposed. These risks include general liability, property and casualty, and workers compensation. Settled claims have not exceeded this commercial coverage in the last three (3) years.

The City maintains its funds with financial institutions which participate in the bank collateral pool administered by the Treasurer of the State of Tennessee. Participating banks determine the aggregate balance of their public funds accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must be equal to at least one hundred five percent (105%) of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public funds accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in aggregate rather than against each individual account. Under this assessment agreement, public funds accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

NOTE 18 – CALCULATION OF NET INVESTMENT IN CAPITAL ASSETS (GOVERNMENTAL FUNDS):

The following items are used in the calculation of net investment in capital assets as follows in the Statement of Net Position:

Governmental

]	ctivities Net Investment Capital Assets
\$	98,170,024 (88,780,878)
	974,749 1,780,000
<u> </u>	6,500,000 18,643,895
	In (

NOTE 19 – PRIOR PERIOD ADJUSTMENT:

- (a) In prior years, the City was not required to recognize a liability for its defined benefit pension plans. However, with the implementation of GASB Statement No. 68, the City is required to recognize a net pension liability in their Statement of Net Position. Therefore, a restatement to decrease the City's net position totaling \$13,054,664 has been recognized in the Statement of Activities and in the business type activities \$1,129,042.
- (b) Proprietary funds recognize issuance costs recovered through rate charges through amortization over the life of the debt in accordance with GASB 62 and State of Tennessee regulatory requirements.

NOTE 20 – INVESTIGATIVE AUDIT BY THE TENNESSEE COMPTROLLER OF THE TREASURY

The Comptroller of the Treasury, Division of Investigations, in conjunction with the Tennessee Bureau of Investigations, performed an investigative audit of selected records of the City of Alcoa. The audit focused primarily on the period from July 1, 2007 through May 16, 2013. The investigation revealed that a former school employee misappropriated school cash of at least \$344, 204. A plea agreement was filed in the Eastern District Knoxville U.S. District Court on May 20, 2014. The plea agreement included an agreement of restitution, although as of December 9, 2015 no funds were received from the former employee of the schools.

Additionally, the City of Alcoa will seek restitution through the court system and through the City's insurer, who has paid the City \$149,000 reflected as deferred revenue in the Education Fund, pending grantor approval for expending the monies.

NOTE 21 – SUBSEQUENT EVENTS:

The date to which events occurring after June 30, 2015, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosures is December 9, 2015, which is the date on which the financial statements were issued.

NOTES TO REQUIRED SUPPLEMENTARY SCHEDULES PRESENTED ON PAGES 93-97 For the Fiscal Year Ended June 30, 2015

Valuation date:

Actuarially determined contribution rates for 2015 were calculated based on the July 1, 2013 actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial cost method Frozen initial liability

Amortization method Level dollar, closed (not to exceed 20 years)

Remaining amortization period 5 years

Asset valuation 10-year smoothed with a 20 percent corridor to

market value

Inflation 3.0 percent

Salary increases Graded salary ranges from 8.97 to 3.71 percent based

on age, including inflation, averaging 4.25 percent

Investment Rate of Return 7.5 percent, net of investment expense, including

inflation

Retirement age Pattern of retirement determined by experience study
Mortality Customized table based on actual experience including

an adjustment for some anticipated improvement

Cost of Living Adjustments 2.5 percent

SCHEDULE OF FUNDING PROGRESS FOR THE RETIREE HEALTH BENEFITS (OPEB)

The City implemented GASB 45 in the fiscal year ended 6/30/09; therefore, six years of data is not available, but will be accumulated over time. The above values were calculated using the Entry Age Normal Method, discount rates of 6%, and the initial unfunded actuarial liability is amortized over thirty years based on a level percentage of payroll method. Using this method, benefits are projected for life and their present value is determined, which are divided into equal parts, which are earned over the period from date of hire to the full eligibility date.

CITY OF ALCOA, TENNESSEE COMBINING FUND FINANCIAL STATEMENTS INTERNAL SERVICE FUNDS

June 30, 2015

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other governmental operating units on a cost-reimbursed basis.

Employee Insurance Fund – The Employee Insurance Fund is used to account for the City of Alcoa's self-insured health insurance program. Premiums charged to various operating funds and employee payroll deductions are placed in this fund for the payment of medical claims and administrative expenses.

Service Center Fund – The Service Center Fund is used to account for the operation of the City's physical facilities. Charges collected from various City funds are placed in this fund for the payment of operating expenses associated with the City's physical facilities.

Flexible Spending Fund – The Flexible Spending Fund is a fund used to account for the City of Alcoa's employees for setting aside a certain amount of each paycheck (before income tax) and to later get reimbursed for other medical expenses not covered by insurance.

City OPEB Insurance Fund – The OPEB Insurance Fund is a dedicated reserve used to account for the City's liability for postemployment benefits – medical benefits not associated with a pension plan.

Schools OPEB Insurance Fund – The OPEB Insurance Fund is a dedicated reserve used to account for the City School's liability for postemployment benefits – medical benefits not associated with a pension plan.

EDUCATION SPECIAL REVENUE FUND

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or capital projects) that are legally restricted to expenditures for specific purposes.

Education Fund – The Education Fund is used to account for the general operations of the Alcoa City Schools. Major funding for the Education Fund is provided by State education funds, shared revenues provided by Blount County, and transfer of property tax revenue from the General Fund. The Education Fund is presented as a major fund in the basic financial statements.

NON – MAJOR OTHER GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or capital projects) that are legally restricted to expenditures for specific purposes.

State Street Aid Fund – The State Street Aid Fund is used to account for the State gasoline tax. Proceeds of this tax must be expended for the improvement and maintenance of City streets.

Federal Projects Fund – The Federal Projects Fund is used to account for restricted federal revenues which must be expended on specific education programs.

Extended Day Program – The Extended Day Program Fund is used to account for the revenues (primarily fees) and expenditures of the before – and – after school program at the elementary school.

Alcoa City Schools Cafeteria Fund – The Alcoa City Schools Cafeteria Fund is used to account for the operations of all cafeterias in the Alcoa City School System. Revenues are provided primarily by the sale of meals (breakfasts, lunches, and a la carte items) and reimbursements from the United States Department of Agriculture (USDA).

Drug Fund – The Drug Fund is used to account for revenues (primarily drug related fines) which must be expended on drug enforcement operations of the City.

Commercial Motor Vehicle Fine Fund – The Commercial Motor Vehicle Fund is used to account for commercial motor vehicle fines and related expenditures.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Stormwater Utility Fund – The Stormwater Utility Fund is used to account for the operations of the City's stormwater systems and is presented as a major fund in the basic financial statements.

Water and Sewer Utility Fund – The Water and Sewer Utility Fund is used to account for the operation of the City's water and sewer system. The Water and Sewer Utility Fund is presented as a major fund in the basic financial statements.

Electric Utility Fund – The Electric Department Fund is used to account for the operation of the City's electric system. The Electric Utility Fund is presented as a major fund in the basic financial statements.

Landfill Fund – The Landfill Fund is used to account for the operation by the City of the Blount County Landfill. The Landfill Fund is presented as a major fund in the basic financial statements.

FIDUCIARY FUND

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for another party. Fiduciary Funds include Pension Trust Funds.

PENSION TRUST FUNDS

Pension Trust Funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, or other employee benefit plans. Pension Trust Funds are accounted for in essentially the same manner as governmental funds – accrual basis of accounting.

Employees' Retirement System Fund – The Employees' Retirement System Fund is used to account for assets held by the City in a fiduciary capacity for employees or former employees of the City. The Employees' Retirement System Fund uses the accrual method of accounting.

Energy Charge: 9.473 cents per kWh per month

Base General Power Rate – Schedule GSA

<u> Part 1</u>

Customer Charge: \$18.54 per delivery point per month

Energy Charge: 10.565 cents per kWh per month

Part 2

Customer Charge: \$93.00 per delivery point per month

Demand Charge: First 50 kWh of billing demand per month, no demand charge

13.21/kw for 51 - 1,000 kWh

Energy Charge: First 15,000 kWh per month at 10.317 cents per kWh

Additional kWh per month at 6.341 cents per kWh

Part 3

Customer Charge: \$232.00 per delivery point per month

Demand Charge: First 1,000 kW of billing demand per month at \$12.59 per kWh

Excess over 1,000 kW of billing demand per month at \$13.40 per KWh, plus an additional \$15.03 per month for each kW, if any, of the amount by which the customer's billing demand Exceeds the higher of 1,000 kW or its contract demand

Energy Charge: 6.333 cents per kWh per month

CITY OF ALCOA, TENNESSEE ELECTRIC UTILITY

SCHEDULE OF UTILITY RATES IN FORCE (Continued)

For the Fiscal Year Ended June 30, 2015

ADJUSTMENTS

The customer's bill for each month shall be increased or decreased in accordance with the current Adjustment Addendum published by TVA.

MINIMUM MONTHLY BILL

The monthly bill under this rate schedule shall not be less than the sum of (a) the base customer charge, (b) the base demand charge, as adjusted, applied to the customer's billing demand, and (c) the base energy charge, as adjusted, applied to the customer's energy takings; provided, however, that under Part 2 of the base charge, the monthly bill shall in no event be less than the sum of (a) the base customer charge and (b) 20 percent of the portion of the base demand charge, as adjusted, applicable to the second block (excess over 50 kW) of billing demand, multiplied by the higher of the customer's currently effective contract demand or its highest billing demand established during the preceding 12 months.

Distributor may require minimum bills higher than those stated above.

PAYMENT

Bills under this rate schedule will be rendered monthly. Any amount of bill unpaid after due date specified on bill may be subject to additional charge under Distributor's standard policy.

CUSTOMERS

The class and number of customers served by the Electric Utility is as follows:

	<u>June 30, 2015</u>	<u>June 30, 2014</u>

CITY OF ALCOA, TENNESSEE SECTION FOUR STATISTICAL SECTION June 30, 2015

CITY OF ALCOA, TENNESSEE STATISTICAL SECTION June 30, 2015

This part of the City of Alcoa's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

CONTENTS SCHEDULES

FINANCIAL TRENDS 1 through 4

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

REVENUE CAPACITY 5 through 8

These schedules contain information to help the reader assess the City's most significant local revenue source.

DEBT CAPACITY 9 through 13

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

DEMOGRAPHIC AND ECONOMIC INFORMATION 14 through 15

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

OPERATING INFORMATION 16 through 18

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement No. 34 in 2003; schedules presenting governmental-wide information include information beginning in that year.

DIRECT AND OVERLAPING GOVERNMENTAL ACTIVITIES DEBT

As of June 30, 2015

Governmental Unit	Debt Outstanding	Estimated Percentage <u>Applicable</u>	Estimated Share of Overlapping Debt
Debt Repaid with Property Taxes:			
Direct Debt:			
General Obligation Bonds	\$ 78,150,000		
Capital Leases	9,656,129		
Total Direct Debt	87,806,129	100%	87,806,129
Overlapping Debt:			
Blount County General Government	174,660,694	15%	26,199,104
Total Direct and Overlapping Debt			<u>\$ 114,005,233</u>

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding indebtedness of those overlapping governments that is borne by the residents and business of the City of Alcoa. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore, responsible for repaying the debt of each overlapping government.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using the taxable assessed property values. Applicable percentages were estimated by determining the portion of Blount County, Tennessee's taxable assessed value within the City's boundaries and dividing it by Blount County, Tennessee's total taxable assessed value.

Source: Blount County, Tennessee government

CITY OF ALCOA, TENNESSEE SCHEDULE 12 LEGAL DEBT MARGIN INFORMATION Last Ten Fiscal Years

Not applicable to the City of Alcoa, Tennessee, as neither the City Charter nor the State of Tennessee has placed any restrictions on the amount of debt that may be issued by the City.

Notes to Schedule of Expenditures of Federal and State Awards for the Year Ended June 30, 2015:

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal and state awards (the Schedule) includes the federal and state grant activity of the City of Alcoa under programs of the federal and state governments for the year ended June 30, 2015. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the City of Alcoa, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City of Alcoa.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-133, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor, Members of the Board of Commissioners and the City Manager City of Alcoa Alcoa, Tennessee

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing* Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Alcoa, Tennessee, as of and for the year ended June 30, 2015 and the related notes to the financial statements, which collectively comprise The City of Alcoa, Tennessee's basic financial statements and have issued our report thereon dated December 9, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered The City of Alcoa, Tennessee's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The City of Alcoa, Tennessee's internal control. Accordingly, we do not express an opinion on the effectiveness of The City of Alcoa, Tennessee's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiency: Finding 2015-01.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Alcoa, Tennessee's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

The City of Alcoa, Tennessee's Response to Findings

The City of Alcoa, Tennessee's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City of Alcoa, Tennessee's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing on internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Alcoa, Tennessee's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Alcoa, Tennessee's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Honorable Mayor, Members of the Board of Commissioners and City Manager City of Alcoa Alcoa, Tennessee

Report on Compliance for Each Major Federal Program

We have audited the City of Alcoa, Tennessee's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of Alcoa, Tennessee's major federal programs for the year ended June 30, 2015. The City of Alcoa, Tennessee's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of City of Alcoa, Tennessee's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City of Alcoa, Tennessee's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Alcoa, Tennessee's compliance.

Opinion on Each Major Federal Program

In our opinion, City of Alcoa, Tennessee complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of the City of Alcoa, Tennessee is responsible for establishing and maintaining effective internal control over compliance with types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Alcoa, Tennessee's internal control over compliance with the types of requirements that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Alcoa, Tennessee's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Ingram, Overholt & Bean, PC

Alcoa, Tennessee December 9, 2015

CITY OF ALCOA, TENNESSEE SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Fiscal Year Ended June 30, 2015

A. SUMMARY OF AUDIT RESULTS
